

Office 365 Business Premium vs Google G Suite Business

Office 365 Business Premium is purpose built to help your business remain competitive by providing you with the apps and services your employees need to succeed in today's modern workplace.

You have a lot of responsibilities: engaging customers, increasing revenue, cutting costs and attracting talent. Office 365 helps you get more done and enables your teams to work better together. With apps that can help you build your business and integration with other popular apps and add-ins, you'll have a solution that grows with you. Microsoft also provides the most private, secure, compliant cloud in business today, which helps you safeguard data with enterprise-class solutions that are simplified for your business.

There's a reason businesses everywhere have trusted Microsoft for over 45 years. Let's save you time and money and get you back to why you got into business in the first place.

Office 365 Business Premium also includes:

Office apps

Get the Office apps (Word, Excel, Outlook, PowerPoint and OneNote) installed across PCs, Macs, tablets and mobile devices.

Email and calendaring

Use business-class email through an Outlook experience you can access from your desktop or from a web browser.

Work and meet online

Host online meetings with instant messaging, screen sharing and HD video conferencing.

Hub for teamwork

Connect your teams with Microsoft Teams in Office 365, where chat, content, and productivity tools come together, so your teams have access to everything they need.

Easy Administration

Deploy and manage Office 365 across your company, no IT expertise required. You can add and remove users in minutes.

Reliability

Rest easy with a 99.9% financially-backed uptime guarantee.
