Microsoft Training and Certifications

Choose your path to success.
Microsoft Certifications are the industry's premier credentials for professional technologies. Whether you’re new to the field or a seasoned professional, our training and certification will help you keep pace with today's business requirements.

Learn more about Microsoft training and certifications: Microsoft.com/Certification.

Start by choosing your solution area:

**Apps and Infrastructure**

**Data and AI**

**Modern Workplace**

**Business Applications**

Stand out with Microsoft's training and certification
• Expanded training and certification beyond individual technologies puts the focus on the skills and concepts needed for specific job roles.
• Hands-on training inspired by working professionals teaches you how to apply learnings in today's demanding IT environment.
• Certification validating your next-level skills demonstrates the value you provide to your team and organization.

Define your learning approach
• Fundamentals certification validates your foundational understanding of Microsoft technologies.
• Role-based certification validates your technical skills required to perform industry job-roles on Microsoft platforms and technologies.
• Specialty certification validates your deep technical skills and ability managing industry solutions, including 3rd party solutions, on or with Microsoft platforms.
