Stand out with Microsoft’s training and certification

- Expanded training and certification beyond individual technologies puts the focus on the skills and concepts needed for specific job roles.
- Hands-on training inspired by working professionals teaches you how to apply learnings in today’s demanding IT environment.
- Certification validating your next-level skills demonstrates the value you provide to your team and organization.

Define your learning approach

- Fundamentals certification validates your foundational understanding of Microsoft technologies.
- Role-based certification validates your technical skills required to perform industry job-roles on Microsoft platforms and technologies.
