

Microsoft Why choose OneDrive for Business over Box

OneDrive for Business as part of Office 365 is a complete, intelligent solution, including Windows 10 Enterprise and Enterprise Mobility + Security, that empowers everyone to be creative and work together, securely. Want to share files easily and securely in the cloud? OneDrive for Business helps you do more wherever you are with secure access, sharing, and file storage - at work, at home, or on the go. No other file-storage and syncing solution, not even Box, can match OneDrive for Business as a content collaboration platform with Office 365. **Learn how we compare:**
