

# Unified Administration™

STREAMLINE YOUR OPERATIONS  
TO INVEST IN DISTRICT SUCCESS

At PowerSchool, we understand that school district success and efficiency go hand in hand. That's why **PowerSchool Unified Administration™** gives administrators a **single, integrated solution** to simplify the management of school operations, bringing finance, human resources, payroll, and student enrollment all together.

## Prepare Ahead for Success

With a flexible, online enrollment system, eliminate costly paper-based processes and ensure accurate enrollment to make budgeting and preparing for the year ahead that much easier.

## Single, End-to-End Administrative Solution

Boost productivity with all your operational data and tools together in one place for more actionable decision-making.

## Fit for K-12

Built specifically for K-12 education, PowerSchool Unified Administration provides the flexibility to adapt to your district's needs, including ensuring compliance with changing regulatory requirements.

## Better Visibility into Your Data

Get actionable views of your district performance that help you ensure your resources are strategically allocated.

## Maximize Your Resources

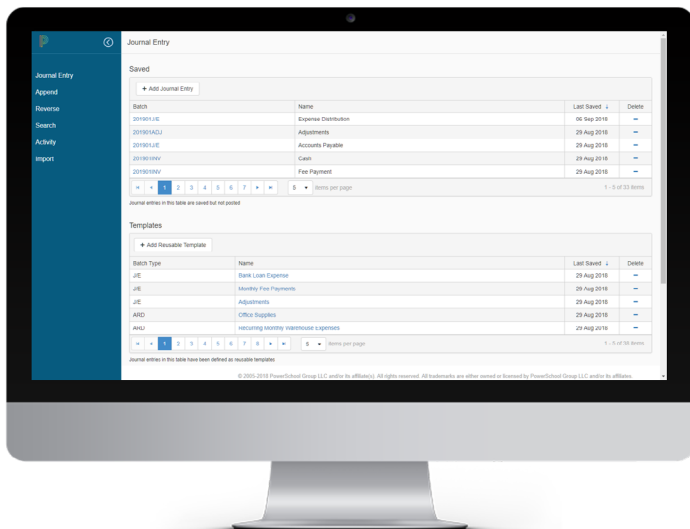

Regain control of your front-office operations with automated processes and simple approvals. Improve your ability to adapt to changes and adjust your processes, making the most of your employee's time and your district's budget.

PowerSchool products are a **powerfully interactive system** that keeps track of everything—our finances, students, and personnel—all in a **one-stop shop**. The software keeps everyone more informed and gives us the **tools to make better decisions.**

Management Systems Administrator,  
Rose Tree Media School District, PA

Unified Administration Atrieve Finance

For Canadian school districts and boards:

## Unified Administration Atrieve Payroll

Make payroll processes easier with online timesheet entry and approval, the ability to run multiple pay streams simultaneously, and indefinite storage of employee information and history.

## Unified Administration Atrieve HR

Seamlessly track, manage, and processes HR needs from recruiting to leave management, plus employee demographics, absences, and assignments.

## Unified Administration Enrollment

Save administrators and families time, cut printing and mailing costs, and improve data safety and integrity through an online, secure enrollment that covers admissions, choice, and registration needs for any size or type of school or district.

## Unified Administration BusinessPlus

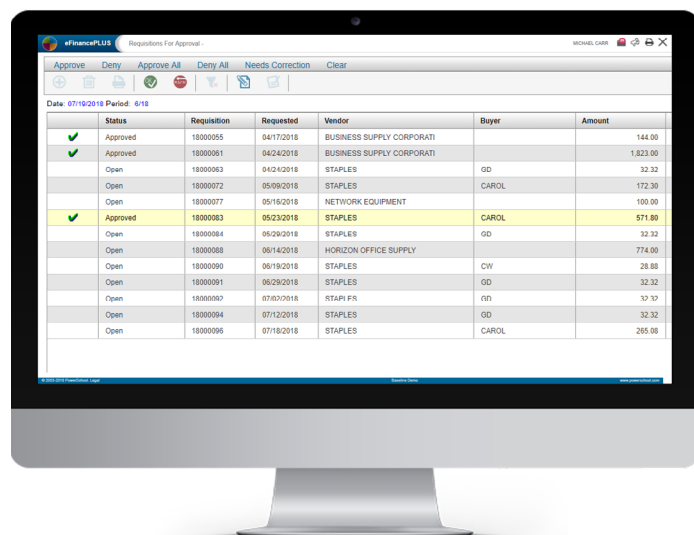

Optimize district operations with a highly configurable, centrally managed enterprise resource planning system with customizable workflows and flexibility to adjust to the complexities of your unique school district.

## Unified Administration eFinancePlus

Enable district operations to run more efficiently with a turnkey financial and human resource management system that comes ready to meet your district's needs.

## Unified Administration Atrieve Finance

Efficiently and securely manage finances, including purchasing, fixed assets, general ledger, and reporting.
