

Data Activation Platform

OUT WITH USELESS DATA ON DISPARATE SOURCES.

In with ultimate integration. The data activation platform brings together EHRs, PMS, payer claims, and HIEs and puts it all in the palm of your hands. The industry's most flexible and scalable data platform, it delivers fast and reliable integration of data with built-in connectors and visually enabled ETL processes. It captures comprehensive data on a wide array of clinical or care applications. It goes deep down into healthcare coding standards to ensure downstream measurements and care actions are reliable and trusted.

The integration & analysis engine of healthcare

NO MORE PARTIAL VIEWS OF PATIENTS. THIS IS THE BIG PICTURE.

Whether it's quality management or data management, the data activation platform makes it simple. It handles integrity checks, data normalization, validations, unified data modeling, and has a master patient index. Access whatever healthcare data you want, wherever you want it, whenever you want it, and however you want. Is it a miracle? Nah, it's Innovaccer
