BENEFITS

LiveTiles|CloudScale Bots

LiveTiles Bots is an intuitive web-based tool with which you can create customizable Virtual Assistants with the assistance of our service partner CloudScale Corporation. Bots can automate your mundane and repetitive tasks, minimizing errors and giving you time to focus on what's important.

Developed on Microsoft's Bot Framework, the LiveTiles Bots builder gives you the power to choose the abilities for your bot. Complex technical concepts such as natural language understanding, intents and parameters are easily modified. Giving every employee a virtual assistant is finally a possibility.
