

Making training easier

Access the world's largest
corporate training library

Meet GO1

GO1 is recognised as a world leader in employee compliance, professional development and onboarding training. We make training easier to deliver, manage and consume.

Offering over 500,000 courses via our marketplace from over 100 providers

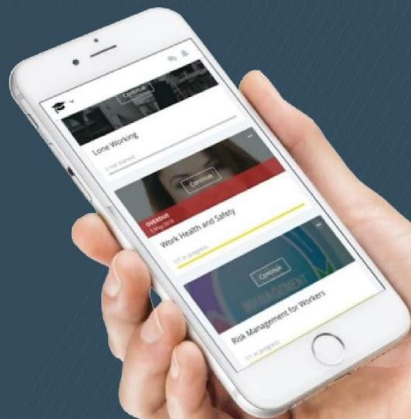

Reduce risk with compliance training courses developed and delivered by experts.

World's largest provider of compliance and professional development training

Bringing together the world's top training providers under one roof

We provide customers with a one stop shop for all things training.

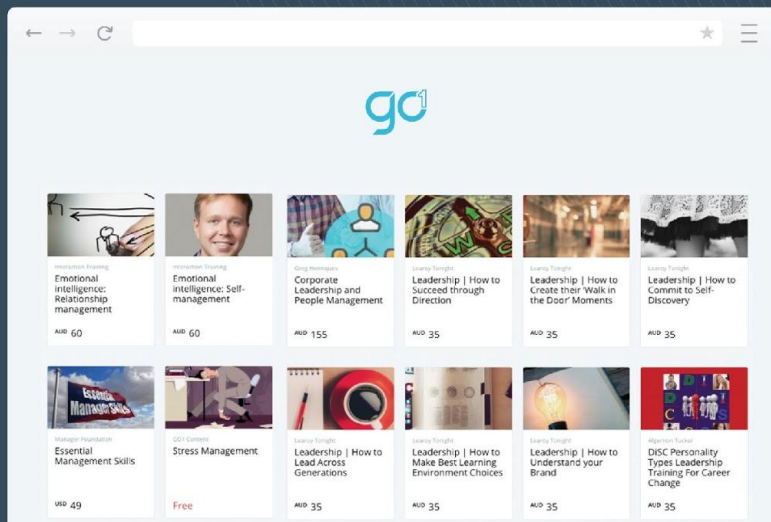

Some of our top training providers:

GO1 Premium

GO1 Premium is your Spotify™ for learning.

Access a growing library of thousands of courses from top workplace training providers for a single price point. Covering everything from compliance through to soft-skills training, GO1 Premium covers almost any business training need.

Full access to thousands of courses

Comprehensive professional development

Off-the-shelf compliance training

Build your own courses within the platform

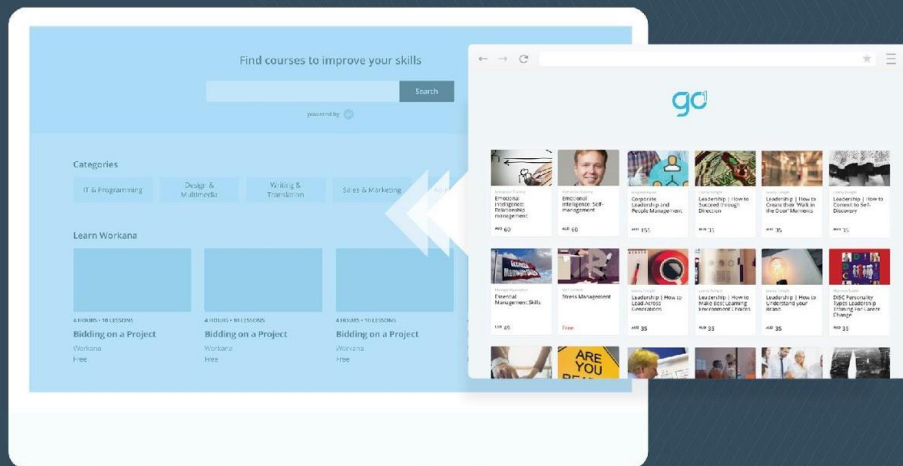

Sophisticated user reporting

24-hour support

Deliver learning

Access GO1 Premium and marketplace courses within GO1's learning platform, or shared into third party LMS. By using LTI (Learning Tools Interoperability) or as SCORM files that can be used in any modern LMS, delivering training for your team will never be easier.

Compatible with:

GO1 Training Assist

Whether it be face to face leadership or sales training, through to first aid workshops or project management training, a GO1 Training Assistant provides managers with a one-stop shop for all things training.

1**On call 24/7**

Reach out via phone, email or chat and let your training assistant know what training you require.

2**Pick your course**

Let us do the hard work of sourcing your training and receive a quote from multiple providers with a price match guarantee.

3**Done!**

Your training assistant will help take care of the booking and enrolment process for you.

We help companies all over the world make training easier, serving teams with as few as ten to 200,000 staff.
