

REACH EVERY EMPLOYEE

The Communication Solution for Your Entire Workforce

Beekeeper is a mobile-first employee communication platform tailored to reach non-desk workers and unite them with the rest of the organization. We believe people should be happy at work and have all the tools they need to perform their jobs at the highest level. That's why Beekeeper connects colleagues across locations and departments in real time to help companies improve internal communication and streamline operations.

Some of our customers include:

Access Anywhere

Access content through mobile, desktop, and digital signage. No email address required.

One Digital Hub

Integrate with existing operational systems so all your tools are in one secure location.

Gather Insights

Use the analytics dashboard to see who's reading communications and monitor engagement.

Personalized Support

Our dedicated customer success team ensures a fast, easy, and successful implementation.

GRAND | HYATT

"Beekeeper allows us to streamline communications and channel information appropriately. It lets us engage, poll, and act accordingly. I can strongly recommend Beekeeper as an internal communications tool. The biggest impacts Beekeeper had were very clearly the time-saving and organizational benefits. Less meetings and much more focus on quality."

Christoph K. Franzen
