

**BUILD BETTER APPS WITH  
LEADTOOLS CLOUD SERVICES**

LEADTOOLS Cloud Services is a high-powered and scalable Web API that gives developers a hassle-free interface for integrating advanced OCR, barcode, MICR, and document conversion into any application.

The Web API is powered by the award-winning LEADTOOLS SDK, which provides you with the most advanced recognition and imaging technology in the world. Between its text (OCR), barcode, and check recognition engines, document and image conversion, and automatic image pre-processing, you will get incredible accuracy and speed in one Azure-backed Web API.

**FEATURES:**

**OPTICAL CHARACTER RECOGNITION  
(OCR)**

Extract text from an image or convert it to a searchable document such as PDF or DOC. Converted documents maintain the original look and feel, including text, font, layout, tables, graphics, and more.

**DOCUMENT AND IMAGE CONVERSION**

The conversion Web API intelligently performs the most efficient and accurate conversion based on the source and destination formats. When converting one document to another (e.g., Microsoft Word Doc to PDF), the searchable text is retained without the need for OCR. If converting from a raster image (e.g., TIFF, JPEG, PNG) to a document, OCR will kick in and create a searchable document.

**BARCODE RECOGNITION**

Find and decode barcodes from single and multi-page images and documents. LEADTOOLS Cloud Services supports more than 100 different barcode types, including UPC, EAN, Code 39, Code 128, ITF (2 of 5), CodaBar, GS1 DataBar, QR, Data Matrix, PDF417, and Aztec.

**CHECK RECOGNITION**

Detect and extract date, name, amount, account number, routing number, signature, and MICR line from images with LEADTOOLS Cloud Services' intelligent check processing algorithms.

## WHY CHOOSE LEADTOOLS CLOUD SERVICES?

### POWERED BY LEADTOOLS

LEADTOOLS Cloud Services is powered by the award-winning LEADTOOLS SDK. Its reputation as the world leader in imaging SDKs is well-known and trusted by hundreds of thousands of developers for over 28 years.

To learn more about LEADTOOLS, or if you are interested in a traditional SDK over the SaaS Web API offered by LEADTOOLS Cloud Services, visit [leadtools.com](https://leadtools.com).

### FAST AND ACCURATE

The Web API provided by LEADTOOLS Cloud Services offers the most advanced text, barcode, check, and MICR recognition on the market. Get enterprise-level recognition on a consumption-based pricing model.

### LANGUAGE AGNOSTIC

Consume the Web API via any programming language on any platform that supports HTTP requests. LEADTOOLS Cloud Services is an ideal fit for any application, including mobile apps and websites, where developers want to provide equivalent functionality across platforms.

### SCALABLE

Thanks to the scalable Microsoft Azure backend, LEADTOOLS Cloud Services is primed and ready for whatever you can throw at it. Whether you are sending the occasional mobile device upload or running large volume document batches, rest assured that our services won't be your application's bottleneck.

### AFFORDABLE

LEADTOOLS Cloud Services is consumed on a per-page basis, with increasing volume-based discounts. Plus, your first 50 pages are on us! See below for more details on pricing.

### NO SERVER TO MAINTAIN

LEADTOOLS Cloud Services is hosted on Microsoft Azure, which means you don't have to purchase or maintain any expensive hardware. Don't worry about overspending on processors and load-balancing you may never use, nor about your application getting bogged down if traffic unexpectedly peaks.

### EASY TO USE

LEADTOOLS Cloud Services is very programmer-friendly and can get you rolling quicker than most APIs on the market. Check out the online documentation and API Reference to see how easy it is to get started with LEADTOOLS.

### SECURE

Security will be the least of your concerns with LEADTOOLS Cloud Services due to its hosting platform. Microsoft Azure is arguably the most secure hosting platform on the market today, meeting the toughest compliance standards, including HIPAA, FedRAMP, IRS 1075, ISO 27001, and more. For more information on the security features of LEADTOOLS Cloud Services, visit [services.leadtools.com/security](https://services.leadtools.com/security)

### SERVICE UPTIME GUARANTEED

LEADTOOLS Cloud Services will always be available for your application. However, things do happen and we have a very fair Service Level Agreement in the rare event we encounter a disruption that affects your application.

## ABOUT LEADTOOLS

Since its founding in 1990, LEAD has established itself as the world's leading provider of software development toolkits for document, medical, multimedia, raster, and vector imaging. LEAD's flagship product, LEADTOOLS, holds the top position in every major country throughout the world and boasts a healthy, diverse customer base and strong list of corporate partners including some of the largest and most influential organizations from around the globe. For more information, contact [sales@leadtools.com](mailto:sales@leadtools.com) or [support@leadtools.com](mailto:support@leadtools.com).

## PAGE PACKAGES

Page packs offer a one-time refill of pages. Ideal for small applications with low, easy-to-manage usage volume.

NUMBER OF PAGES	PRICE	PRICE PER PAGE
First 50	Free	Free
100	\$9.00	\$0.09
500	\$40.00	\$0.08
1,000	\$60.00	\$0.06
2,500	\$125.00	\$0.05
5,000	\$200.00	\$0.04
10,000	\$300.00	\$0.03
25,000	\$625.00	\$0.025
100,000	\$2,000.00	\$0.02
Over 100,000	Contact Sales	Contact Sales

## SUBSCRIPTION

Subscriptions are billed monthly and refill your pages automatically. If you go over your monthly allotment, you will be billed for the extra pages. Ideal for hassle-free management and high-volume applications that need to avoid any possible downtime due to a lack of available pages.

NUMBER OF PAGES	MONTHLY SUBSCRIPTION	PRICE PER PAGE
500	\$30.00	\$0.06
1,000	\$50.00	\$0.05
2,500	\$100.00	\$0.04
5,000	\$150.00	\$0.03
10,000	\$250.00	\$0.025
25,000	\$500.00	\$0.02
50,000	\$875.00	\$0.0175
100,000	\$1,500.00	\$0.015
