DiggSpace adoption

DiggSpace adoption

1

Setup

Basic setup. Don't worry, you are in good hands.

2

Branding

DiggSpace should look like your company. So it will be branded. Period.

3

Information Architecture

The most important decision you have to make is how the information is delivered to your employees in a way they want to consume it.

4

Content migration from old solutions

If you have old solutions with some useful information we will help you migrate it to DiggSpace.

DiggSpace adoption

5

Customization and Integration

Is there something you need that's not included? Our extension model makes it possible to fulfill your needs.

6

Launch planning and training

Don't forget to tell your employees that you have a brand new Digital Workplace!

7

Training

Of course your admins and content producers need to know what to do with DiggSpace. So training is what they will get!

8

Support and further development

Support your ongoing operations and develop your Digital Workplace further

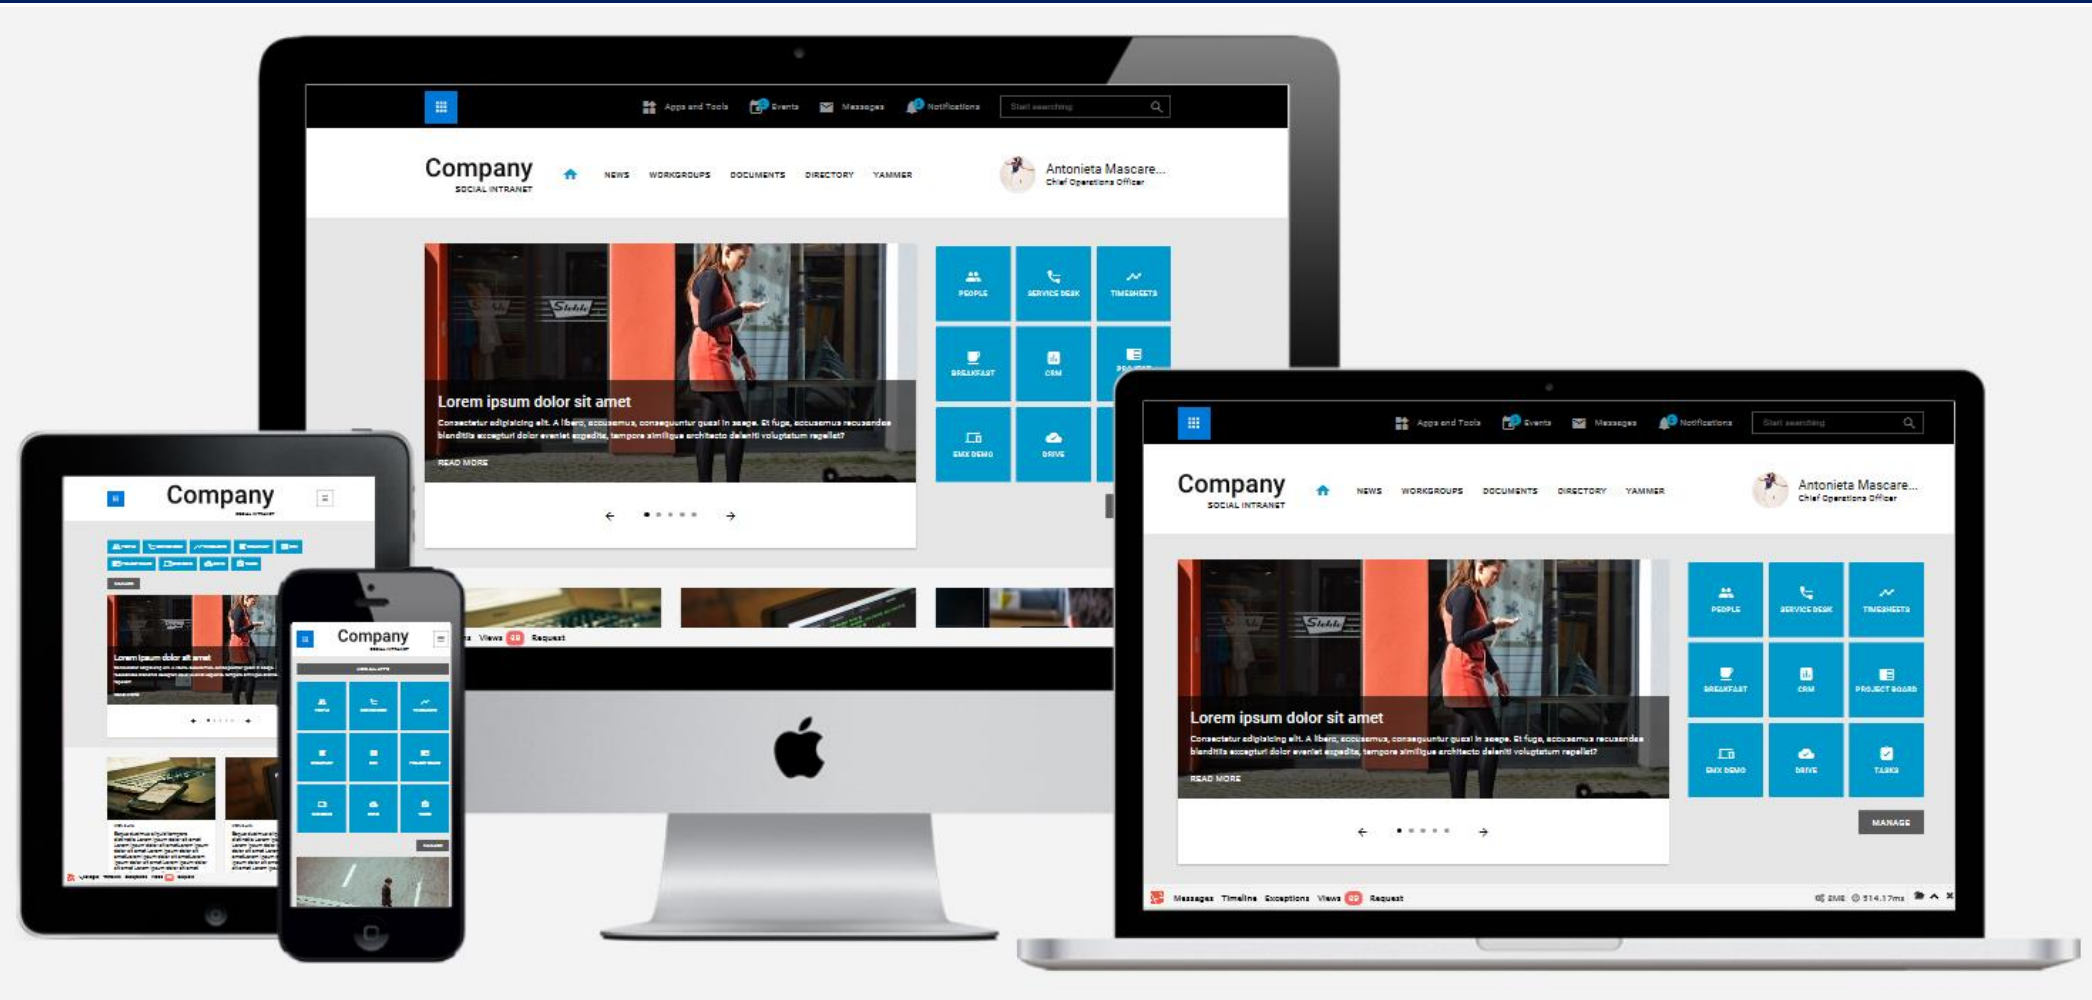

DiggSpace user interface

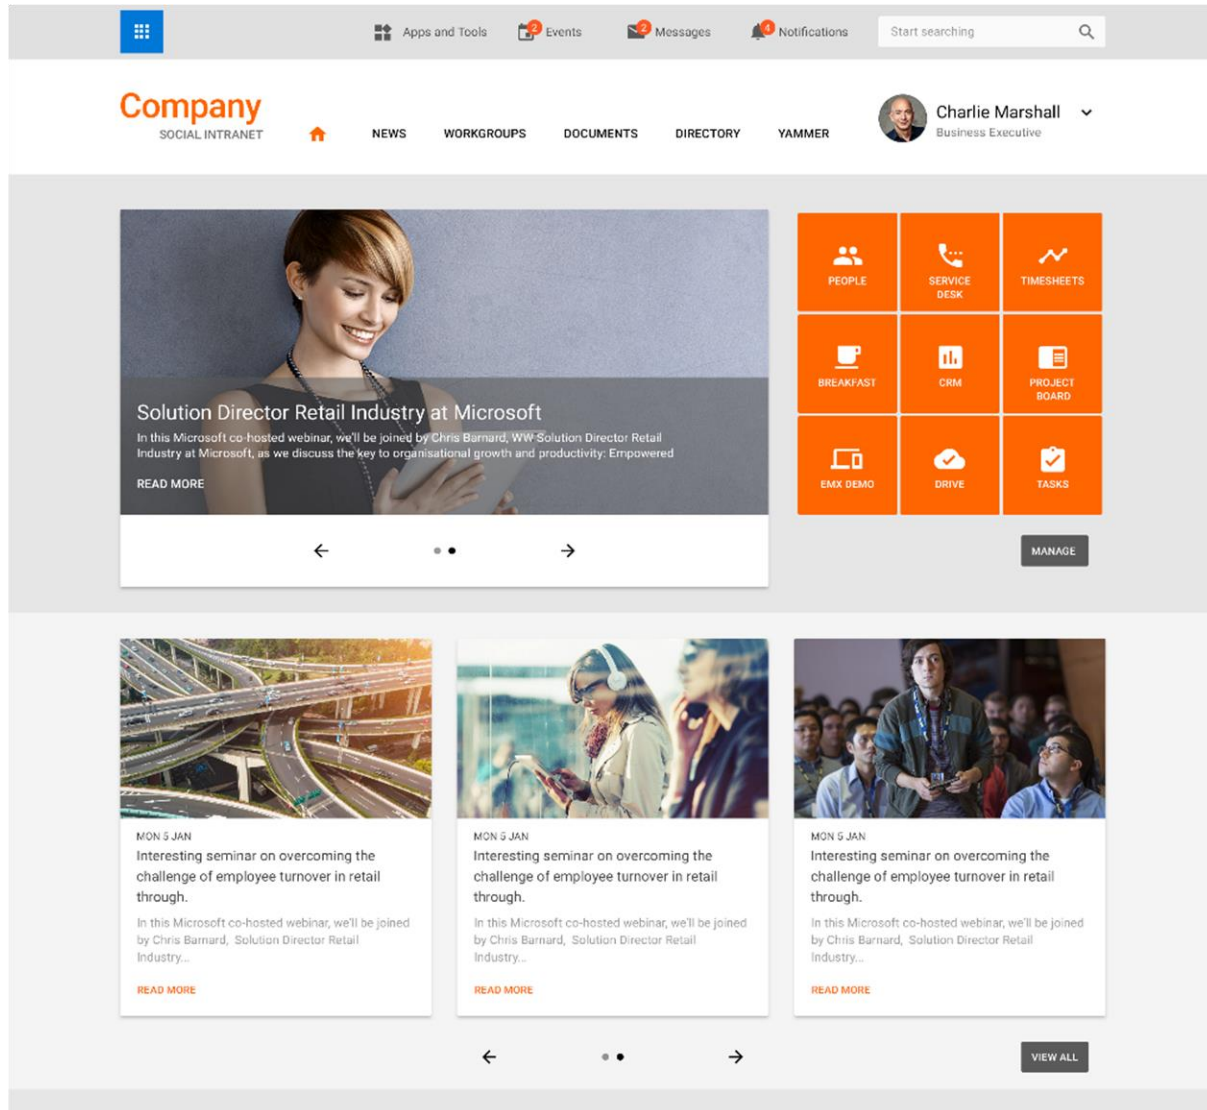

DiggSpace ui - homepage

Access DiggSpace from a desktop, smartphone or tablet

DiggSpace ui - homepage

- Content Highlight
- Office 365 Groups (when applicable)
- Events
- News
- Documents
- Embedded Content (vimeo, youtube, powerbi)

Footer:

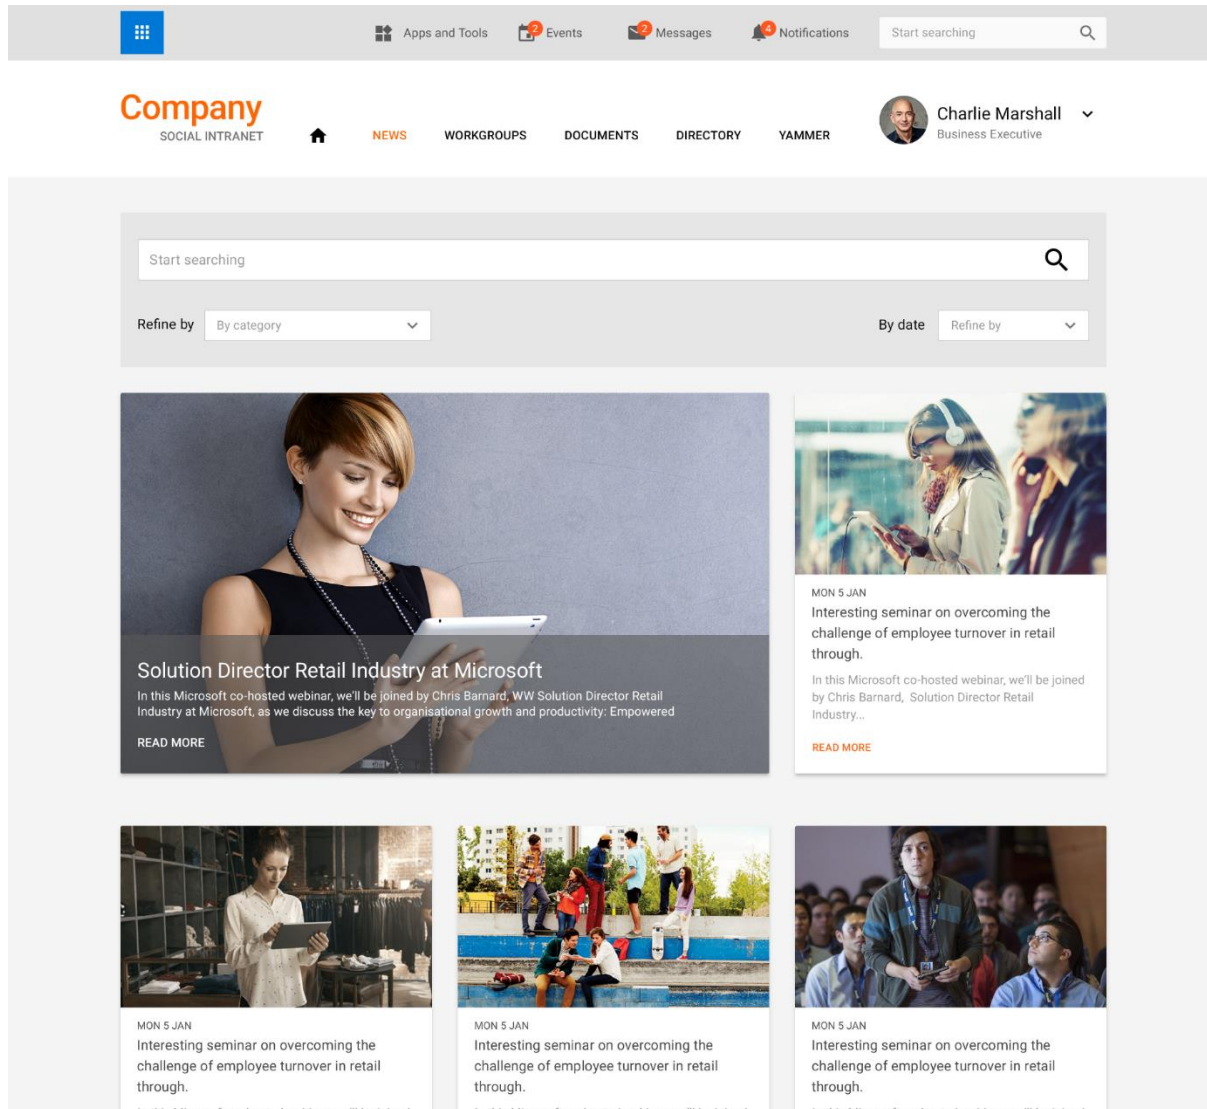

- Useful Links
- Copyright
- Company Social Networks

DiggSpace ui – content list

Access DiggSpace from a desktop, smartphone or tablet

DiggSpace ui – content list

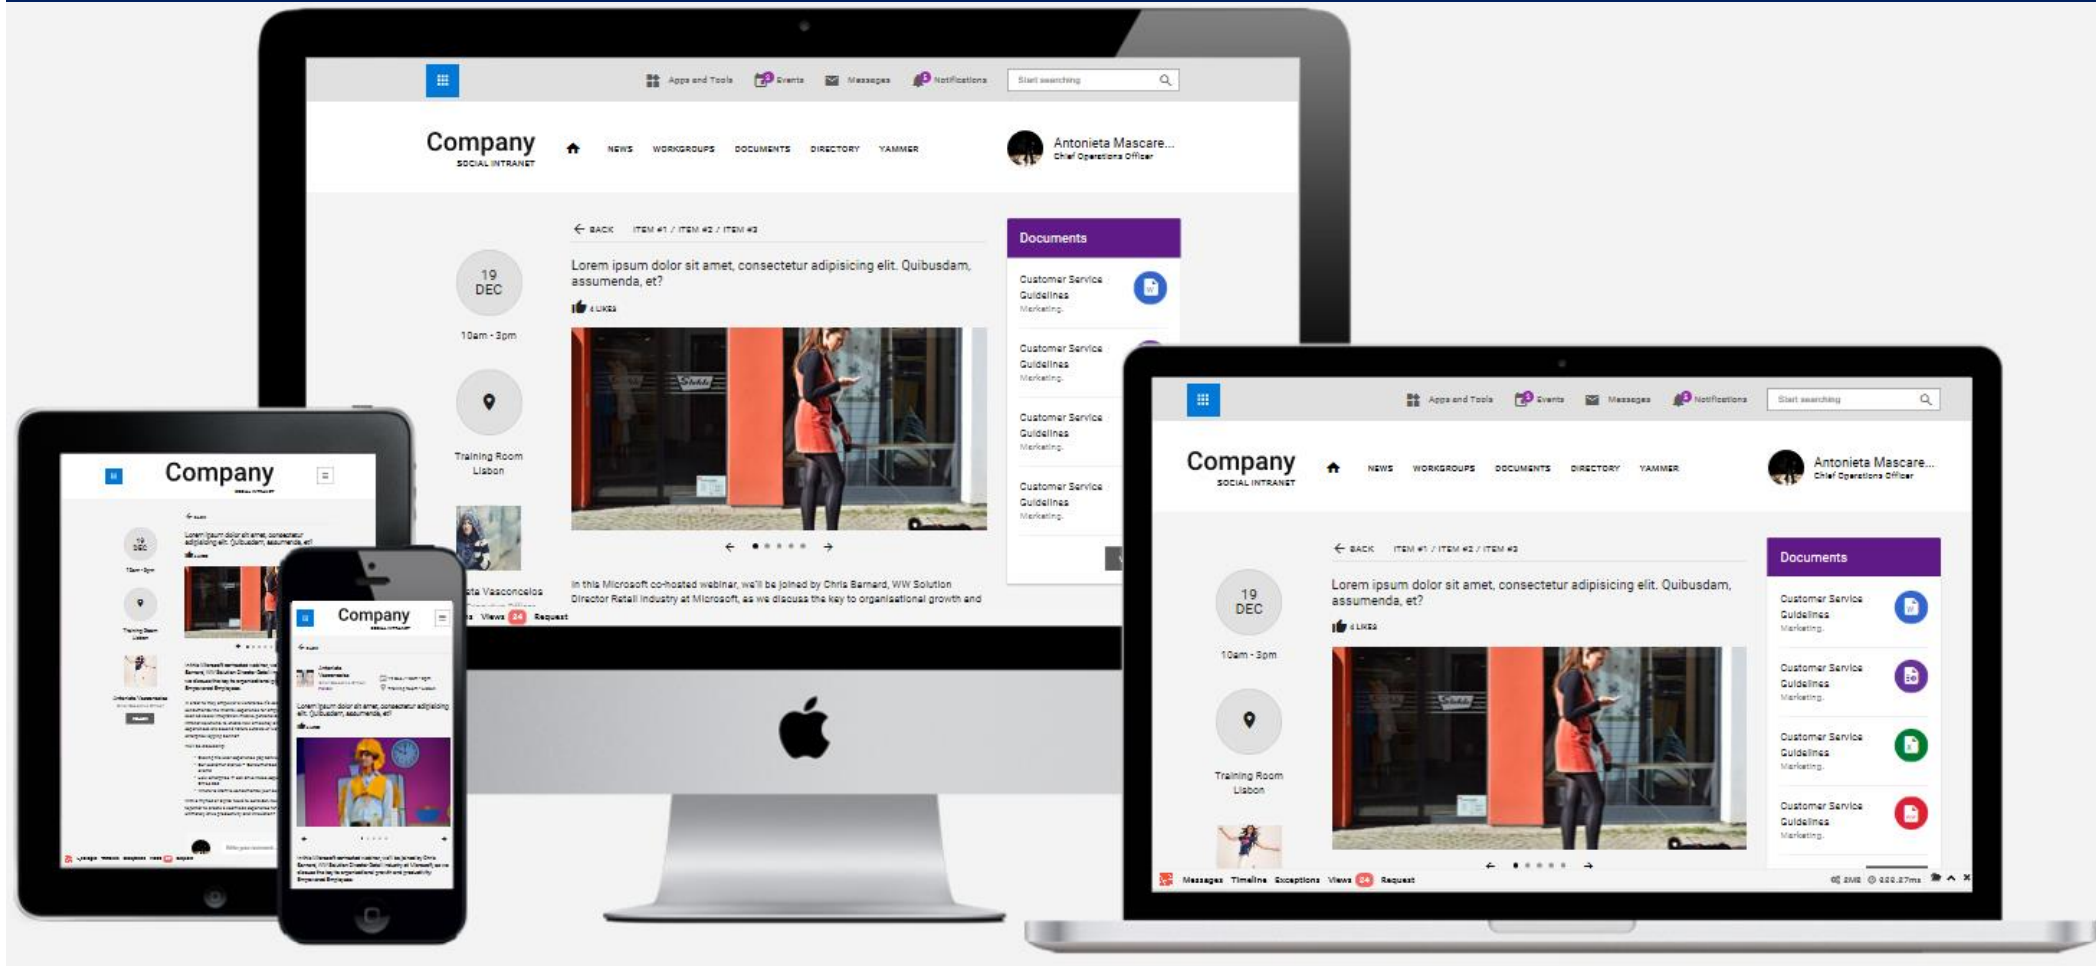

Content List modules

- Search box
- Refine by
- Sort by
- Content Highlight
- Paginated Content Results

This page will list content based on content editor categories

DiggSpace ui – content detail

Access DiggSpace from a desktop, smartphone or tablet

DiggSpace ui – content detail

The screenshot shows the DiggSpace ui content detail page. At the top is a navigation bar with icons for Apps and Tools, Events, Messages, and Notifications, along with a search bar. Below this is a header section with the 'Company' logo, a home icon, and navigation links for NEWS, WORKGROUPS, DOCUMENTS, DIRECTORY, and YAMMER. A user profile for Charlie Marshall is visible on the right. The main content area features a breadcrumb trail (HOME PAGE / NEWS / MARKETING), a title 'Interesting seminar on overcoming the challenge of employee turnover in retail through', and a date '19 DEC'. A large image of a woman using a tablet is shown. To the left of the image is a sidebar with a location pin icon and the text 'Training room Lisbon'. Below the image is a section for the host, Abbey Christensen, with a 'FOLLOW' button. The main text area contains a paragraph about the Microsoft co-hosted webinar, a list of topics to be discussed, and a concluding sentence. On the right side of the page, there are two sidebars: 'Documents' listing various files like 'Customer Service Guidelines', 'Holiday Booking Procedure', and 'Expenses Policy'; and 'News' listing related articles like 'IFSEC 2017' and 'Security Expo'.

Content Detail modules

- Breadcrumb
- Title
- Lead/Summary
- Date
- Location (for events)
- Author
- Image slider
- Associated Documents
- Related Content
- Like
- Comments

Example of potential areas:

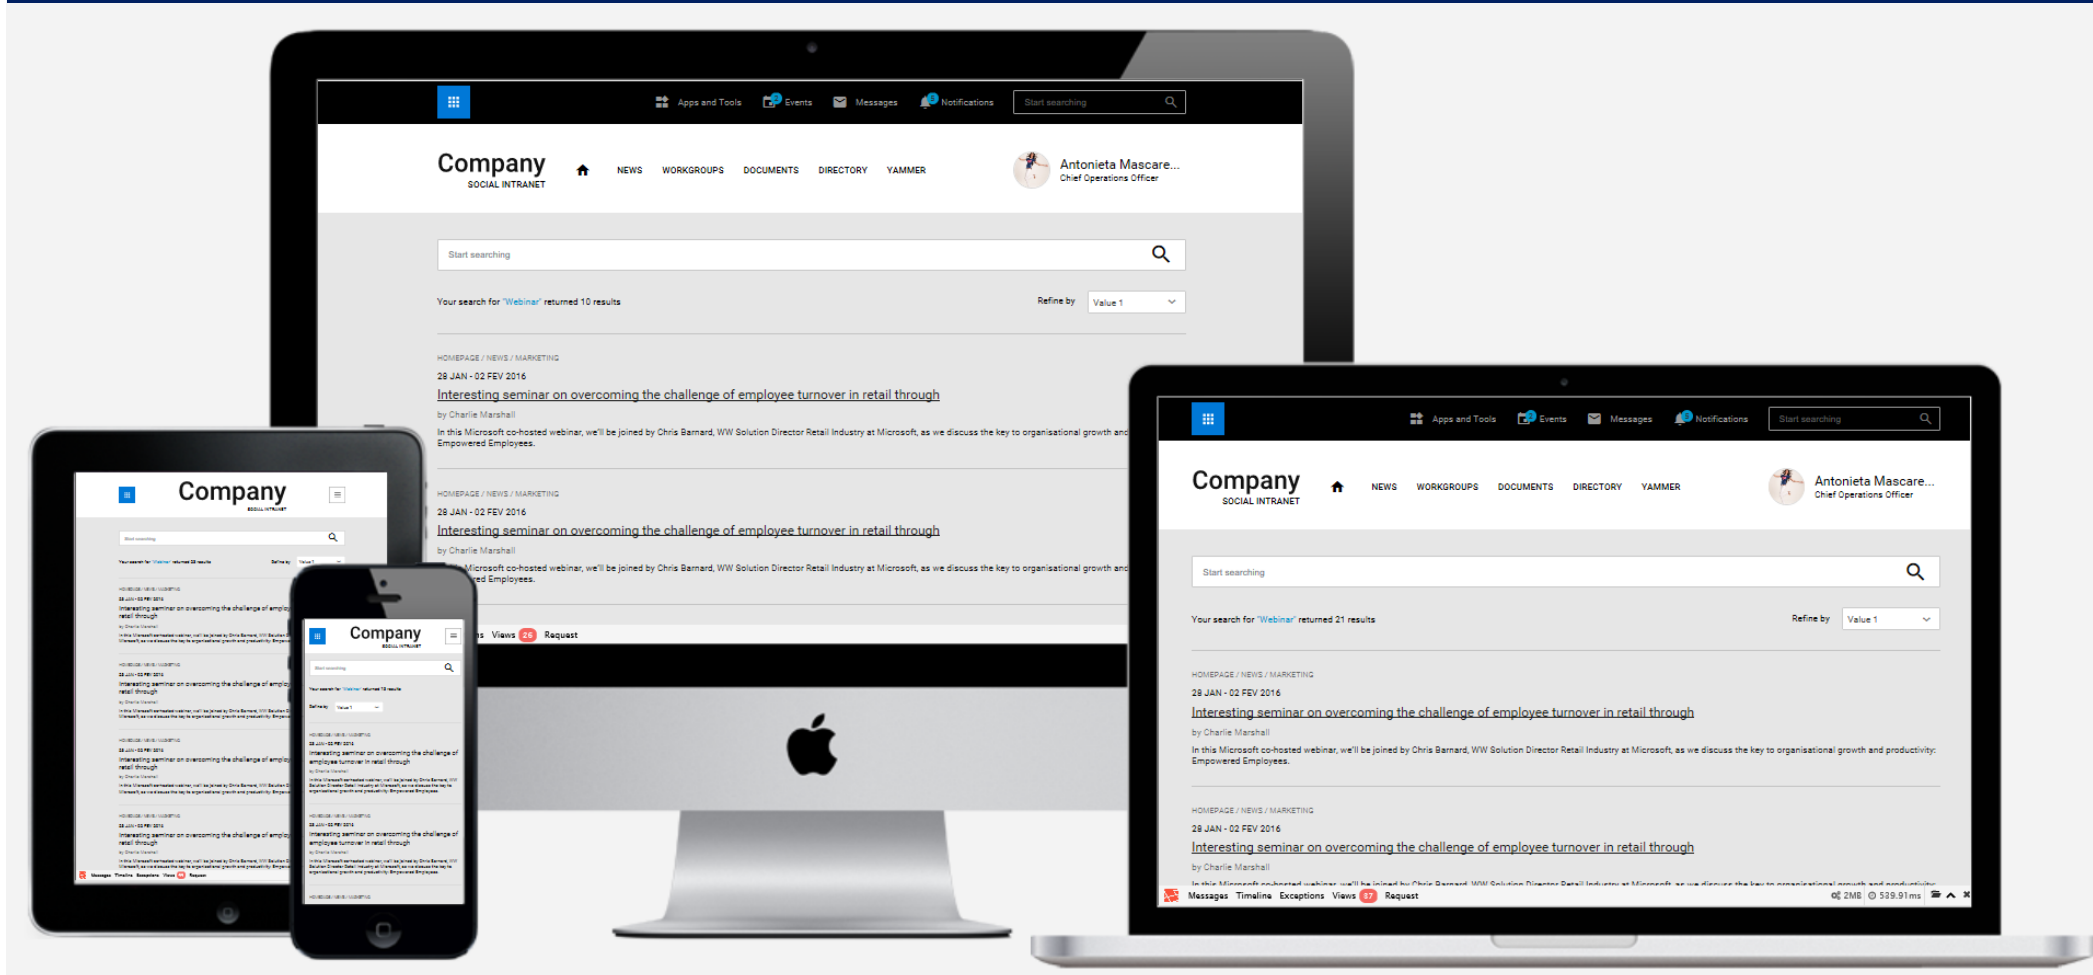

- News & Events
- Legal Information
- Departmental Information
- Products, Customers or Partner Information
- Document Template Repository

Each page can be associated to one or more categories.

- This will allow the content editor to create Content List Pages that will show content based on their categories.

DiggSpace ui – search results

Access DiggSpace from a desktop, smartphone or tablet

DiggSpace ui – search results

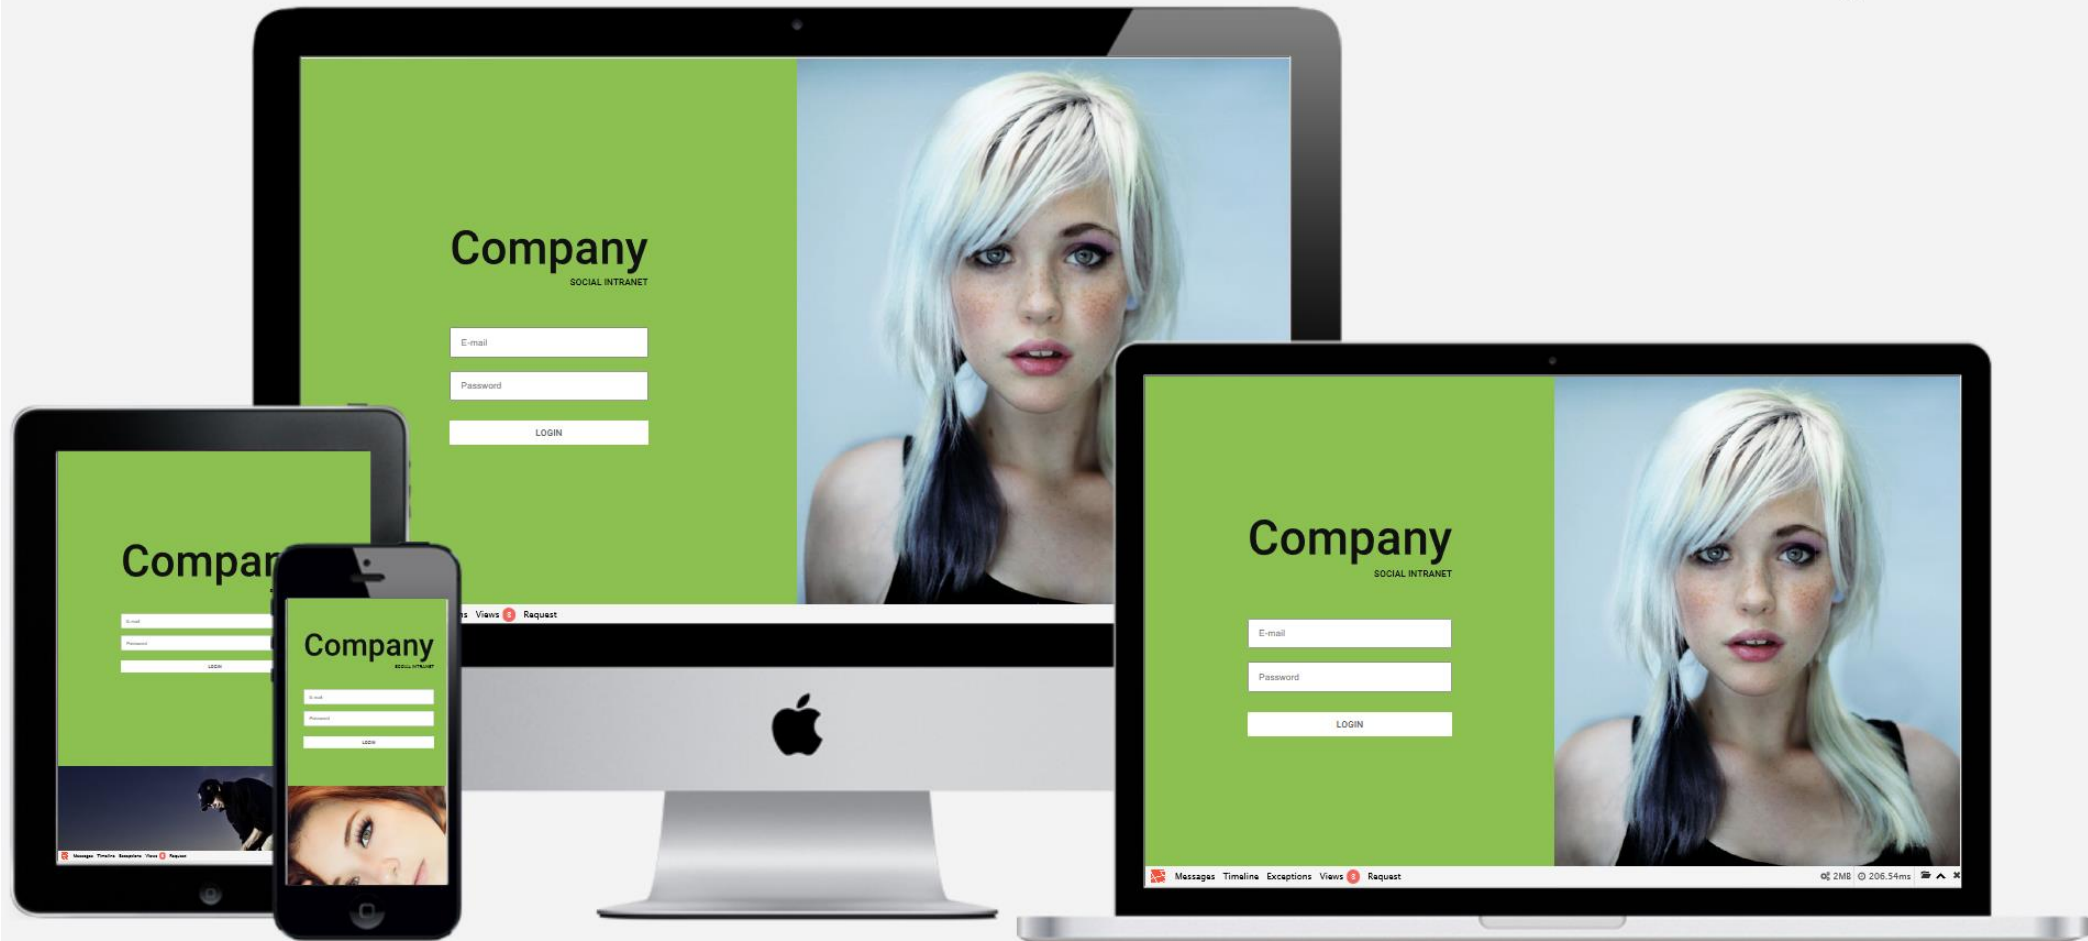

The screenshot displays the DiggSpace user interface. At the top, there is a navigation bar with icons for Apps and Tools, Events, Messages, and Notifications, along with a search bar labeled 'Start searching'. Below this is a header section with the 'Company' logo, a home icon, and navigation links for NEWS, WORKGROUPS, DOCUMENTS, DIRECTORY, and YAMMER. A user profile for Charlie Marshall, Business Executive, is shown on the right. The main content area shows search results for 'Webinar'. It includes a search bar with 'Webinar' entered, a search icon, and a result count of '20 Search results for "Webinar"'. A 'Refine by' dropdown menu is set to 'By category'. The results are displayed in a list format, with each item showing a breadcrumb trail (e.g., 'HOMEPAGE / NEWS / MARKETING'), a date range ('28 JAN - 02 FEB 2016'), a title ('Interesting seminar on overcoming the challenge of employee turnover in retail through'), an author ('by Charlie Marshall'), and a brief description ('In this Microsoft co-hosted webinar, we'll be joined by Chris Barnard, WW Solution Director Retail Industry at Microsoft, as we discuss the key to organisational growth and productivity: Empowered Employees.').

Search Results modules

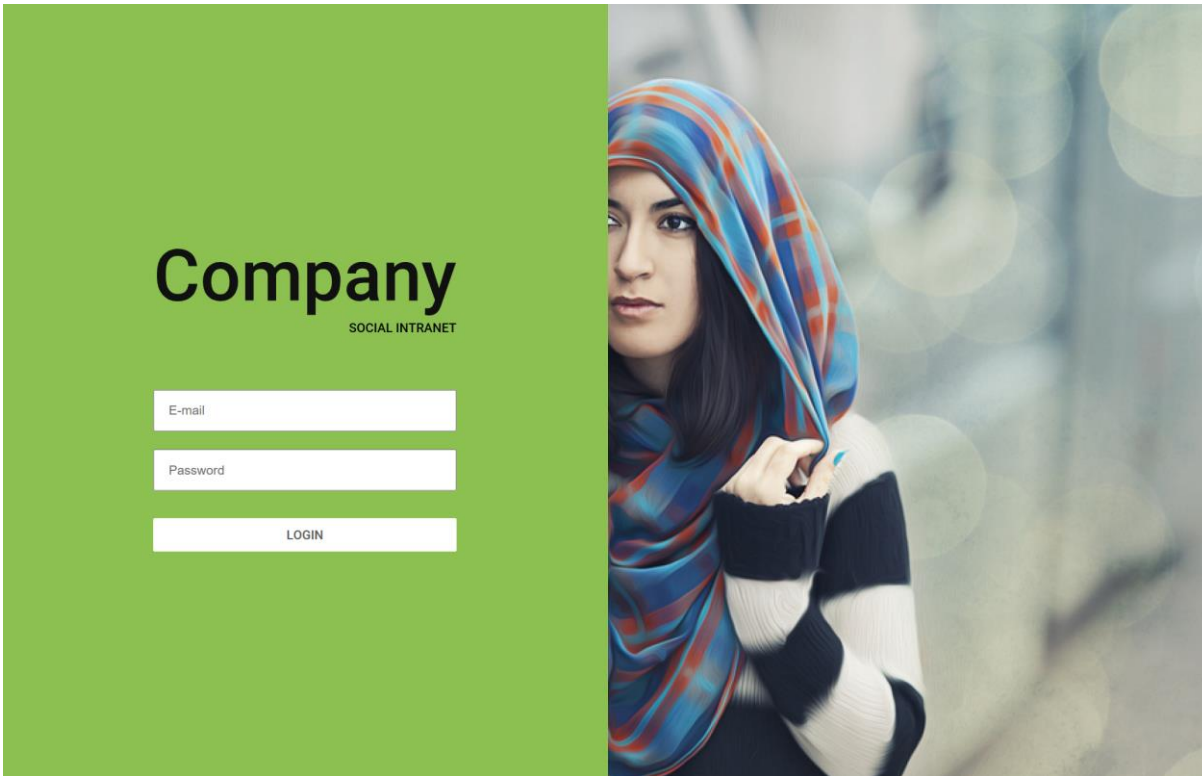

- Search box
- Refine by
- Sort by
- Paginated Content Results
 - Each result will display breadcrumb, date, title, author and lead/subtitle

DiggSpace ui – login page

Access DiggSpace from a desktop, smartphone or tablet

DiggSpace ui – login page

User can authenticate using email and password provided by DiggSpace, Office 365 and Active Directory

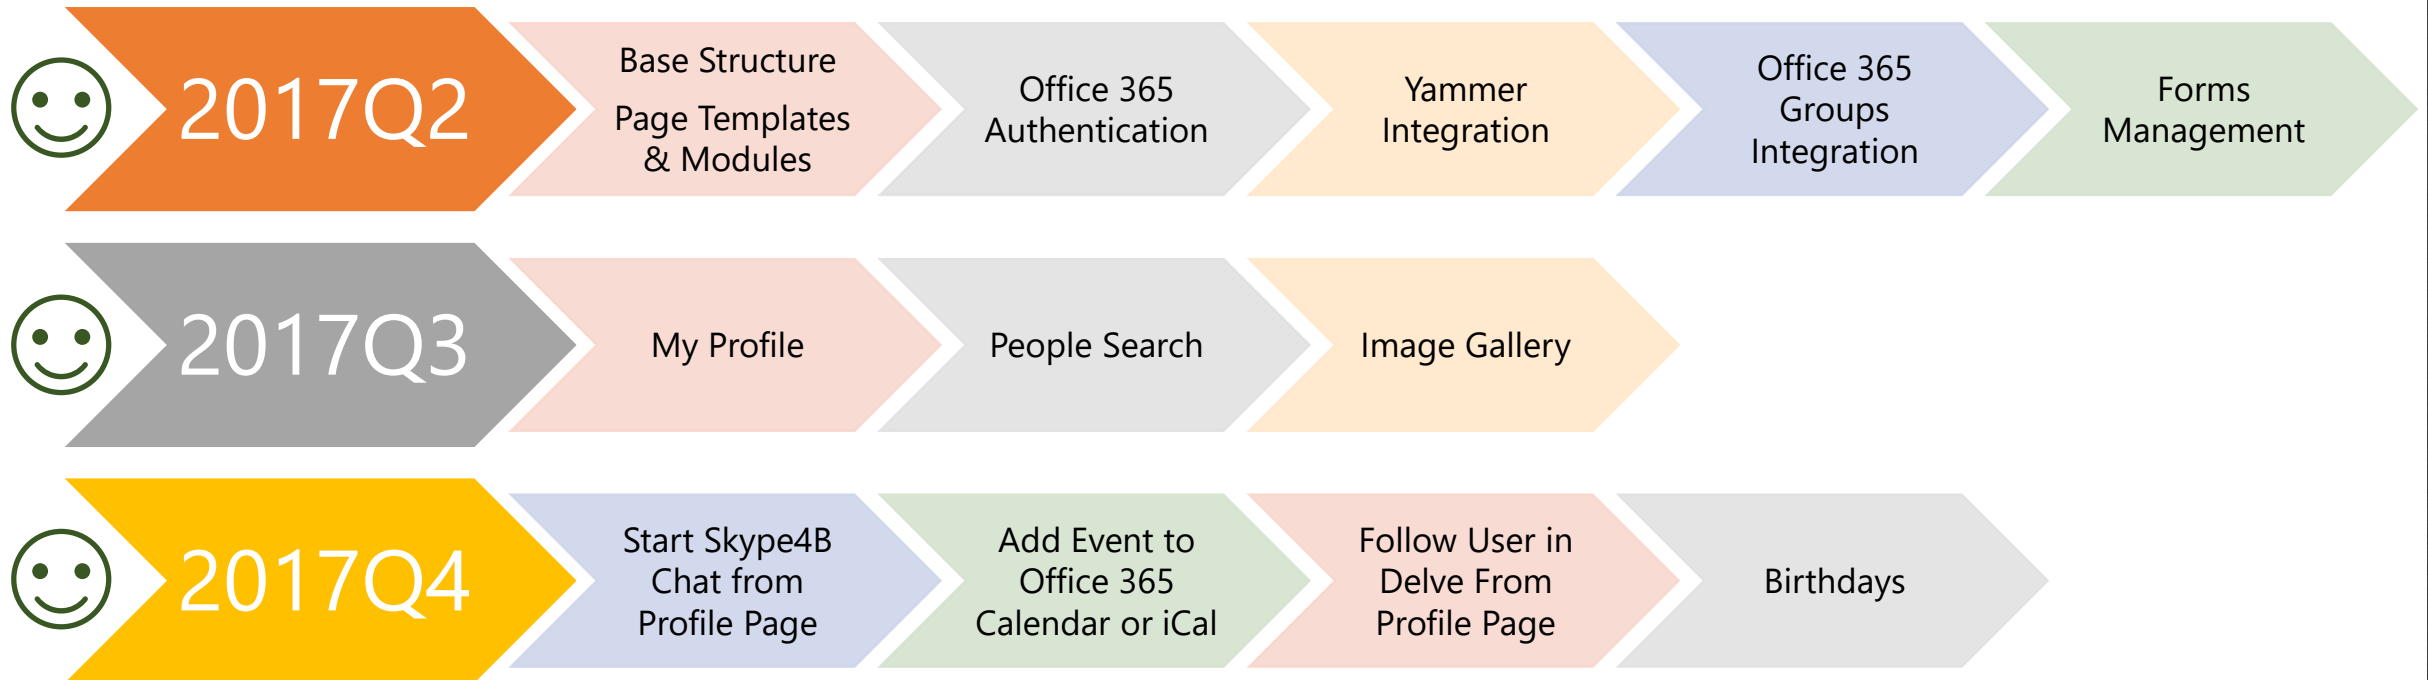

This page, when using Office 365, can automatically redirect to Office 365 authentication page.

When using Active Directory it will try to use the Windows Authentication or will display the Active Directory login window

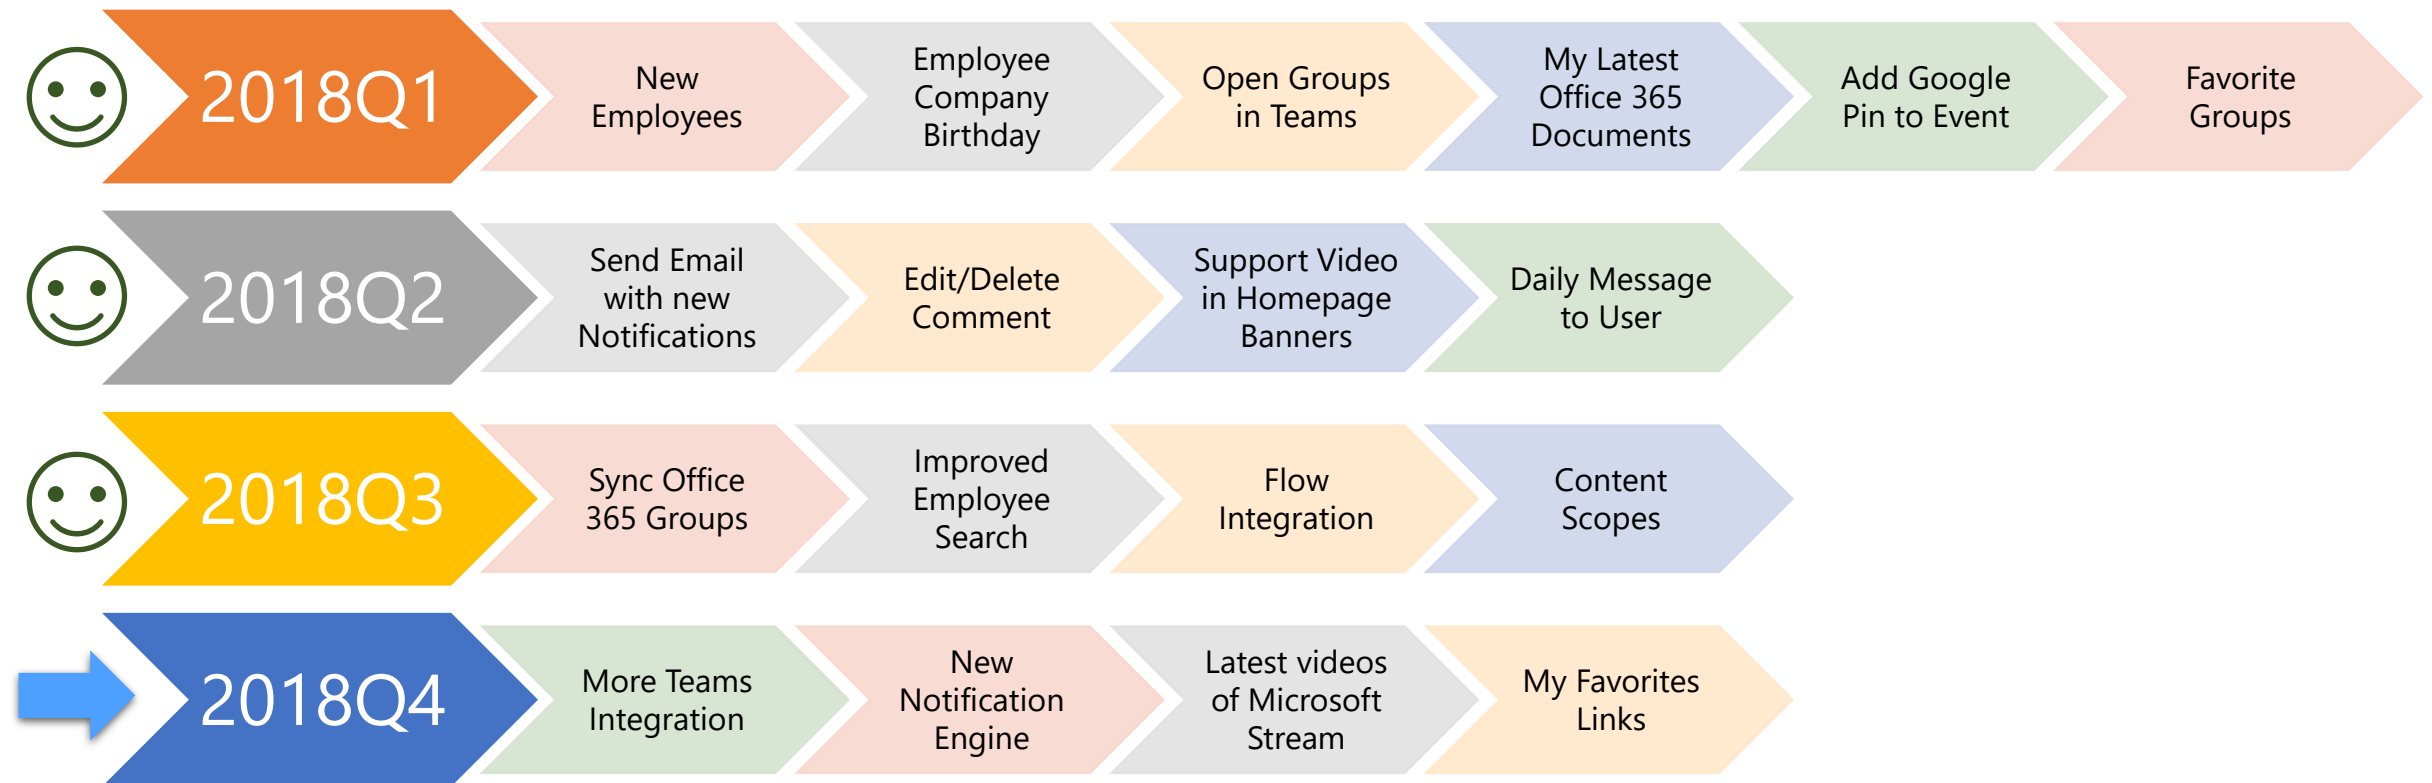

The “Company” can be replaced by your Company logo.

The image on the right should be replaced by an image that represents your company’s culture or intranet’s culture
