

# We want to fuel your business growth

Make better decisions on your working capital with our data-driven tool

# 65% of SMEs face working capital problems

Our mission is to support and empower companies  
with intelligent actionable insights

Uncertainty in liquidity  
and finding the solutions  
root cause

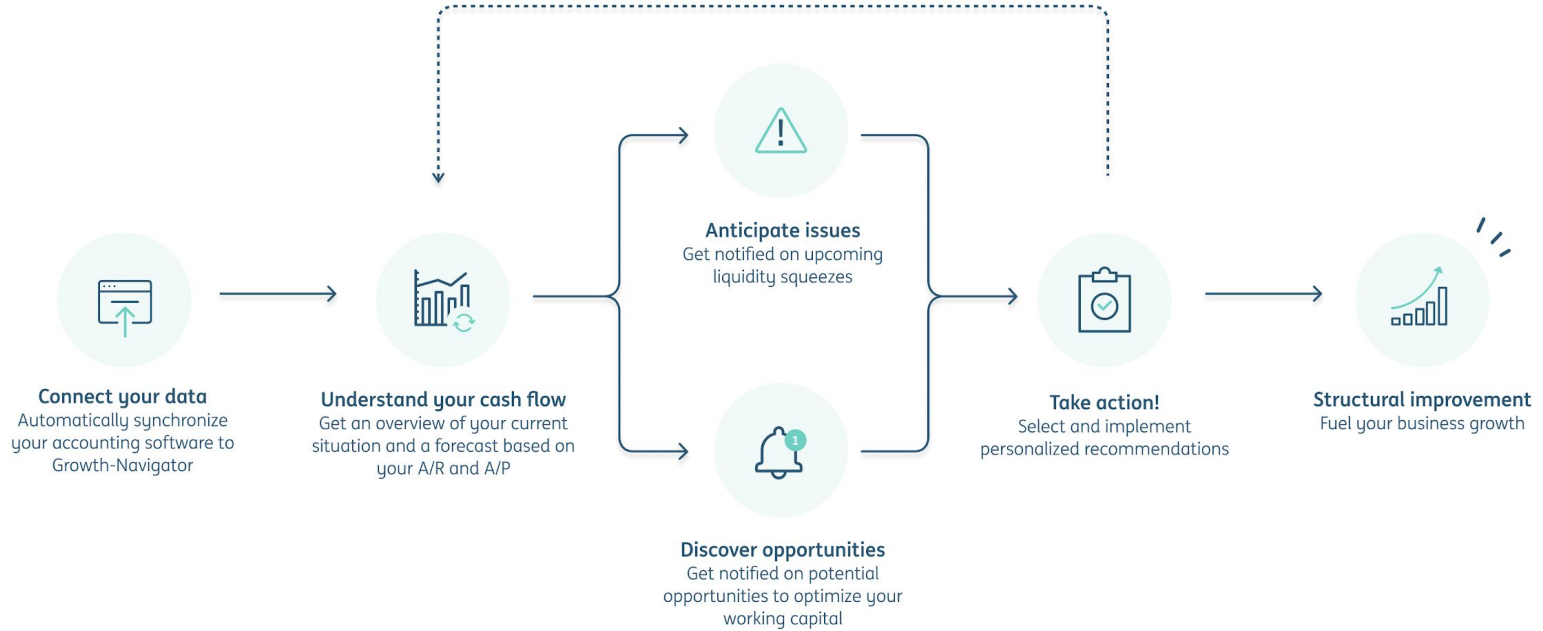

Lots of manual labor  
to assess credit  
management process

Not able to unlock  
working capital potential

# The concept

# Easy and intuitive

## Easy to use dashboard

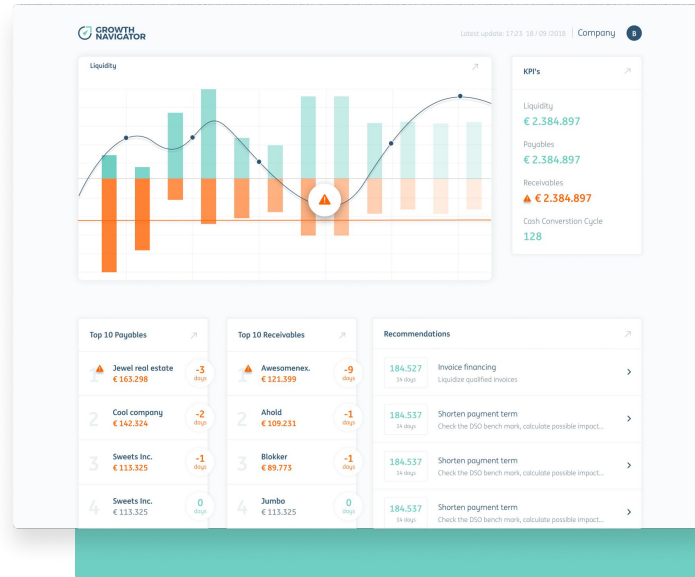

Accountant friendly software  
Integrations with different API

## Offline assistance

Personal intake  
Customer support manager

## Actionable insights

Insights in invoicing  
Predictive liquidity  
Forecasting alerts  
State of the art data science model

# We manage your cash-flow with our data-driven application

Automated  
cash-flow forecast

Prioritization of  
A/R and A/P

Notifications on issues  
and opportunities

Actionable  
recommendations

Key indicators  
tracking

Automated data  
refresh

# FAQ Technical questions

## Accountancy software:

Xero/Microsoft/Navision  
Dynamics 365

FAQ: How do I integrate GN with my bookkeeping?

We will integrate with the accounting systems listed above in the very near future.

If you use another accounting system we would like to talk to you to understand how can integrate with it.

## Website security:

AWS security

FAQ: How secure is my account?

Growth-Navigator is secured with OAuth 2.0, the industry standard protocol for authorization. We use Amazon's implementation.

## Data security:

AWS RDS

FAQ: How secure is my company's data?

Growth-Navigator uses RDS, Amazon's own database system. We use Amazon's best practices document and enable 'encryption at rest' to ensure that our clients' data is safe and secure.

## Billing:

Mollie

FAQ: How do I manage my subscription?

The subscription fee will be paid on Monthly basis.

We use Mollie to debit your bank account or credit card on a monthly basis.
