About SimpleK12

WHO WE ARE

Our mission is to help educators inspire their students, engage their learners, perfect their craft, and share their experiences to help others do the same. Never stop growing. Never stop learning. Never stop sharing.

Online professional development. Anytime. Anywhere... even at home in your pajamas! We call it PD in your PJs. So put your bunny slippers on, and come join us!

We help motivate, inspire, and enrich more than 800,000 teachers per year. In turn, these teachers are also there for each other. They are all in the same boat. They stay up late and get up early. They grade papers in the car, make lesson plans while making dinner, email parents while folding laundry, run the school newspaper while watching ballet practice... and SimpleK12 gives them the ideas and support they need to never give up.

COME JOIN US!

We call it PD in your PJs

Award Winning Webinars

Award winning webinars from real teachers and expert educational consultants and a community full of like-minded educators. The webinars are short and to the point - full of practical, actionable advice you can apply to your classroom the very next day.

An Amazing Community

Imagine a place where everyone understands your struggles - both in and out of the classroom. Where you're all in it together. Collaborate and share with your peers from all around the world in a supportive (and fun!) environment.

Clock Hours & CEUs

Learn what you want, when you want. Earn CEUs from the comfort of your own home. Build a personal growth plan, track progress, and print certificates and transcript reports to earn your CEUs and clock hours.

So get comfy, put your bunny slippers on, and check us out at our next free webinar

TESTIMONIALS

"The cost compared to others is just phenomenal. The teachers are excited, it's convenient, it's something in which teachers can relate to, and it's current. It is a tool that you can't go wrong with using and just the fact that teachers migrate to it it just sticks with them."

TONYA WILSON
Education Program Supervisor Specialist
Camden City Public School, NJ

"We're using SimpleK12 because it's a powerful tool for teachers. Anytime you get a committed group of teachers working together for a similar cause, amazing things happen. That's what's happened in the Teacher Learning Community."

RACHEL THOMPSON
Secondary Language Arts Specialist
Alpine School District, UT

"One half hour SimpleK12 webinar was filled with more information than I receive at an all-day session elsewhere. I love the detail you go into in your webinars and the fact that you have educator presenters who are using it in the field!"

BARB CICCIOPIPO
Technology Coordinator
Central Dauphin School District, PA
