HOW SYMPRA WORKS!

tcm. SYMPRA

Alerts — Define your alerts!

- Your applications create any alert on emergency situation
- All alrets can send to SYMPRA API Layer

SYMPRA API — Define your team!

- TCM SYMPRA Works on Microsoft Azure
- You can crate a team on SYMPRA
- SYMPRA can manage your team and forward alert to your team as push notification.
- You can build your PowerBI reports from your private SYMPRA DB.

Mobile Application — Get Push Notification on the time!

- Your team uses their own mobile phone
- SYMPRA has IOS and Android clients.
