

Tikit Carpe Diem Mobile – Making time work for you

Capturing and closing time entries from a smartphone or tablet means you instantly capture billable time as it happens. Don't miss out on work done on the move and ultimately collect more revenue.

It's a hit with lawyers, and can positively impact your bottom line.

It's easier and faster than email – and as simple as 'Work-Click-Bill!'. Using Tikit Carpe Diem Mobile away from the office is simple, reliable, and gives your users multiple capture methods.

Tikit Carpe Diem mobile gives you the opportunity to capture time and expenses often overlooked in the past, while travelling or working on the move. Let our software increase your revenue, achieve more accurate invoicing and thereby form better client relationships.

With firms reporting return on investment in a month or less, and Tikit Carpe Diem Mobile compatible with all versions of Tikit Carpe Diem and other time recording applications, isn't it time you joined the mobile time recording era?

Key benefits:

Capture time on the move.

Leverage multiple capture opportunities.

Automatically capture client calls and emails as they happen.

Choose to create a basic entry or a complete billable entry.

Close time on the move and send entry direct to billing.

Associate client contact details to matter nicknames and projects for rapid input.

Supports iOS, BlackBerry and Android devices.
