Voters, candidates and the news media all want fast, accurate results on Election Night. BPro can help you deliver Election Night results that are easy for the public to understand and available to anyone, anywhere, on any web-enabled device. Our solution allows users to navigate to precinct level results, view voter turnout, and follow federal, state and local elections through intuitive maps and graphs. The system is easy to administrate and gives Election Officials a simple way to provide a wealth of information on Election Night.

### BPro's Election Night Reporting software features:

- Cloud-based security and reliability allows jurisdictions to scale up to meet the ever-changing spikes in usage on Election Night in a matter of minutes
- One-click navigation, interactive maps and tracked contests provide voters access to intuitive, configurable election results
- Responsive design provides voters with access to results on any web-enabled device (more than 60% of users will access election results through a phone or tablet)
- Simple data upload provides in-depth, user-friendly information without taking added time on Election Night
- Built-in data exports allow Election Administrators to provide media and community news sites with unparalleled access to results without lifting a finger

## about BPro

BPro Inc. is a premier election services company with a successful track record of providing cloud-based solutions to states and localities across the country. Our TotalVote software supports all methods of online and offline voter registration and list maintenance, election management, election night reporting and the myriad of interfaces necessary to maintain accurate registration rolls in the modern, mobile information environment. TotalVote technologies have been deployed in over 57 statewide implementations since 2008, as well as hundreds of local elections. Despite our vast experience with elections of all sizes, TotalVote remains flexible to the needs of each individual jurisdiction's laws, statutes, workflows and best practices.

BPro's corporate office is located on the spacious plains of Pierre, South Dakota. For more information, visit [www.bpro.com](http://www.bpro.com).
