

# astorTime™

An Innovative Solution to Simplify  
Workforce Attendance and Project  
Labor Costing

- ◆ Do you know where all your employees are and what they are working on right now?
- ◆ Do you know how much time your employees are spending on an individual project?
- ◆ Do you find it too time consuming to track your employees' attendance, hours spent on projects and their costing?

**astorTime™** is an innovative solution that makes tracking your employees' attendance and calculating project labor costs a breeze. Equipped with a comprehensive and flexible policy engine, generating payslips is just a click away. Combined with our  RFID tracking technology or biometric systems, astorTime™ provides a holistic solution to keep track of your workforce.

## astorTime™

In addition to greater visibility and control over workers' attendance and exact hours worked, a workforce productivity improvement of up to 5% was observed following astorTime deployment at our clients' facilities, which translated into an estimated annualised savings of up to USD 300,000<sup>1</sup> per client.

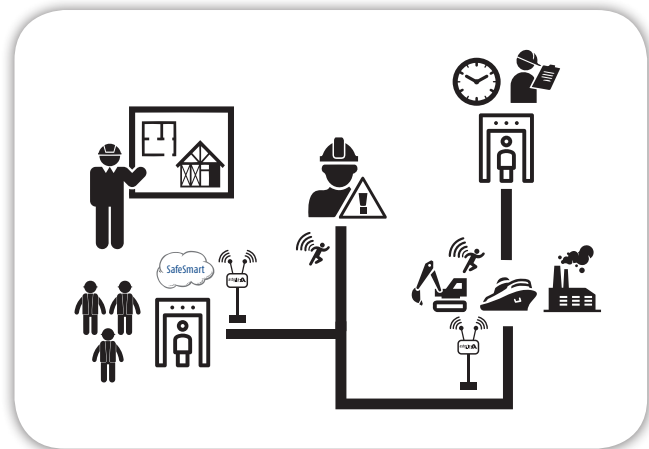

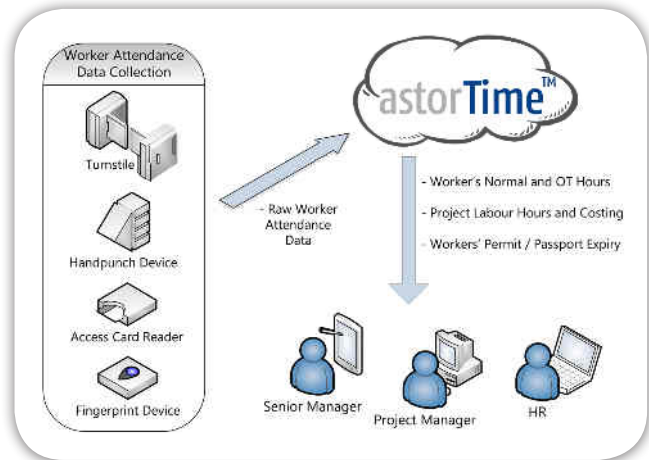

Noted:

<sup>1</sup>Estimated figures, which may vary across clients depending on factors such as manpower strength, salaries, hours worked, coverage of solutions and compliance.

# Features of astorTime™

- ◆ **Reduce Pay Cycle time by up to 90%**  
astorTime™ automatically calculates overtime pay and allowances based on user-specific rules and policies.
- ◆ **Integrates with Payroll Systems**  
Employees' hours can be imported into existing Payroll systems for further automation. Without a Payroll system, astorTime™ provides a generic payslip that can be used out-of-the-box.
- ◆ **Real-Time Project Labor Costing**  
Easily track up-to-date manpower costs throughout a project lifespan.
- ◆ **Accurate attendance records**  
Automate the collection of time attendance with a variety of hardware options to prevent time recording errors.
- ◆ **Policy Engine built for the Construction, Marine and Petrochemical O&G Industries**  
astorTime™ has been developed from the ground-up to cater to work processes specific to these industries.

astorTime™ Overview

## astorTime™ Device Features:

- ✓ Capture employee time-in / time-out
- ✓ Employee verification by fingerprint
- ✓ Wifi / 3G connection
- ✓ Location tracking using GPS
- ✓ Immediate job allocation on-site
