

# Big Brain Education: Intranet

**BIG BRAIN**  
EDUCATION

# Modern solutions for modern institutions

## Challenges

### Box 3:

- To have a better communication
- Reduce costs
- Raise productivity

## Ideal Solution

### Box 4:

- Collaboration
- Safety
- Cloud availability

As a social network, it displays chronological notices, news, posts and even user contacts in chronological order. Teachers, pedagogues, directors, coordinators and other collaborators can interact with the content and comment.

## Desired Outcomes

### Box 5:

- Communication optimization
- Well defined work-flows
- Engagement among collaborators

With the intuitive usability of Office 365, the Big Brain intranet showed an increase in 60% engagement in the institutions where it was deployed.

# Big Brain Education Intranet

For Schools and institutions seeking communication solutions, the Big Brain corporate portal is built on Office 365 and focuses on productivity and usability.

## Communication

- Robust communication with Office 365
- Collaboration and Teamwork reinforced for better productivity

## Automation

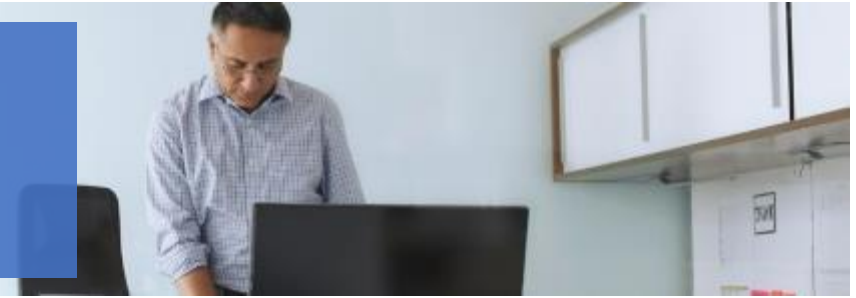

- Integrated chatbot for time optimization

## Quality

- available all the time and everywhere with Sharepoint Online

The layout can be customized according to the institution's branding, guaranteeing the visual identity within a safe, intuitive and collaborative environment.

# Big Brain Education Intranet + Microsoft Office 365

**With the intuitive usability of Office 365, the Big Brain intranet presented a 60% increase in engagement of institutions where it was located.**

## Solution Alignment

### Box 3: Office 365 integration

Take advantage of the Office applications - Word, OneNote, Sway, Forms, Outlook, among others - to optimize the communication between Institution and collaborators.

### Chatbot with Microsoft Azure technology

Optimize the time and have a big productivity gain.

### Cloud Storage

With cloud storage, all your documents are available at any time, and you reduce problems with the lack of available space for your files.
