

Meet Camilyo

Camilyo is a rapidly growing software company with presence in the US, Europe, LATAM, APAC and Israel. Since 2010, Camilyo has partnered with leading digital service providers worldwide to equip their SMB customers with a white-labeled, fully-integrated SaaS platform covering their presence, marketing, sales and business management needs. This way, we enable SMBs to successfully compete online by delivering a smooth, end-to-end service experience across the entire customer engagement funnel. In 2017, Camilyo was recognized by Deloitte as one of the 50 fastest growing tech companies in Israel.

An All-in-One SaaS Solution

Mobile and web SMB management apps

What's in it for the SMB?

- **Multi-Channel Presence**
Promote the brand with effective digital assets: stand out, get found and get social
- **CRM-Integrated Marketing**
Turn leads into customers with engaging and targeted email and SMS campaigns
- **Sales Management**
Cover the entire sales process – send estimates, create invoices and process payments
- **Business Productivity**
Increase effectiveness and personalize the service experience

An Untapped Opportunity for the Digital Service Provider

- Deepen SMB relationships and increase **ARPU** with a scalable cloud offering
- Reduce **churn** and increase loyalty with highly sticky digital assets
- Address small business **real needs**, from inception through growth into scale
- Deliver **bottom line** value for SMB clients
- Differentiate from competition and increase sales force motivation with an **innovative market offer**
