

# Big Brain Education – Big Classroom

# Box 1: Education

## Challenges

## Ideal Solution

## Desired Outcomes

**Box 3:**  
Improve the communication between teachers and students in a collaborative and secure platform.

**Box 4:**  
Communication flow, security, cloud computing, intuitive interfaces, ease of use.

**Box 5:**  
To have a digital transformation, to be a innovative school.  
Better performance and cloud availability;  
Secure environment

**Box 6:**  
"It's really cool because it's a different way of studying. Now we have many more ways to learn. Many of my colleagues have awakened the will to study through technology. "  
*Geovanna Pellegrini – Santo Anjo School's Student*

**Box 7:**  
"There are many tools in the Office 365 package. The storage area is significant and reduces the need to maintain a document storage infrastructure for teachers, staff and students. They are now being stored in the cloud with access everywhere."  
*Ricardo Oliveira Pereira – Tuiuti University's IT Manager*

**Box 8:** "This will serve as a communication channel for all the children that not just feel, but that sometimes are intimidated, or that are going through in a similar situation, and also as a resource to help the colleagues that may be going through this."  
*Silvia Scurachio – Escola Bosque's Director.*
