Enora MERDY
Project Manager - EY

"We are very pleased with our collaboration with beekast! The team knew how to combine a great product with efficient service. Beekast's support was not only highly responsive and professional, they also provided valuable advice to get the most out of their app. We recommend their service without any hesitation!"

Over 500 000 users in more than 50 countries animate their presentations with beekast!
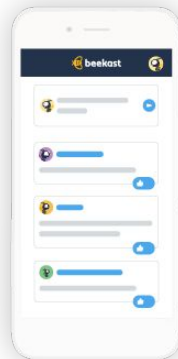

HOW IT WORKS

1 A screen to manage your presentation

2 A screen to project questions and beekast activities

**3** Your participants contribute in real time via their smartphone or computer

Poll

Engage your audience with dynamic and interactive polls!

Wordle

Let your participants share their opinions and highlight trends with a Wordle.
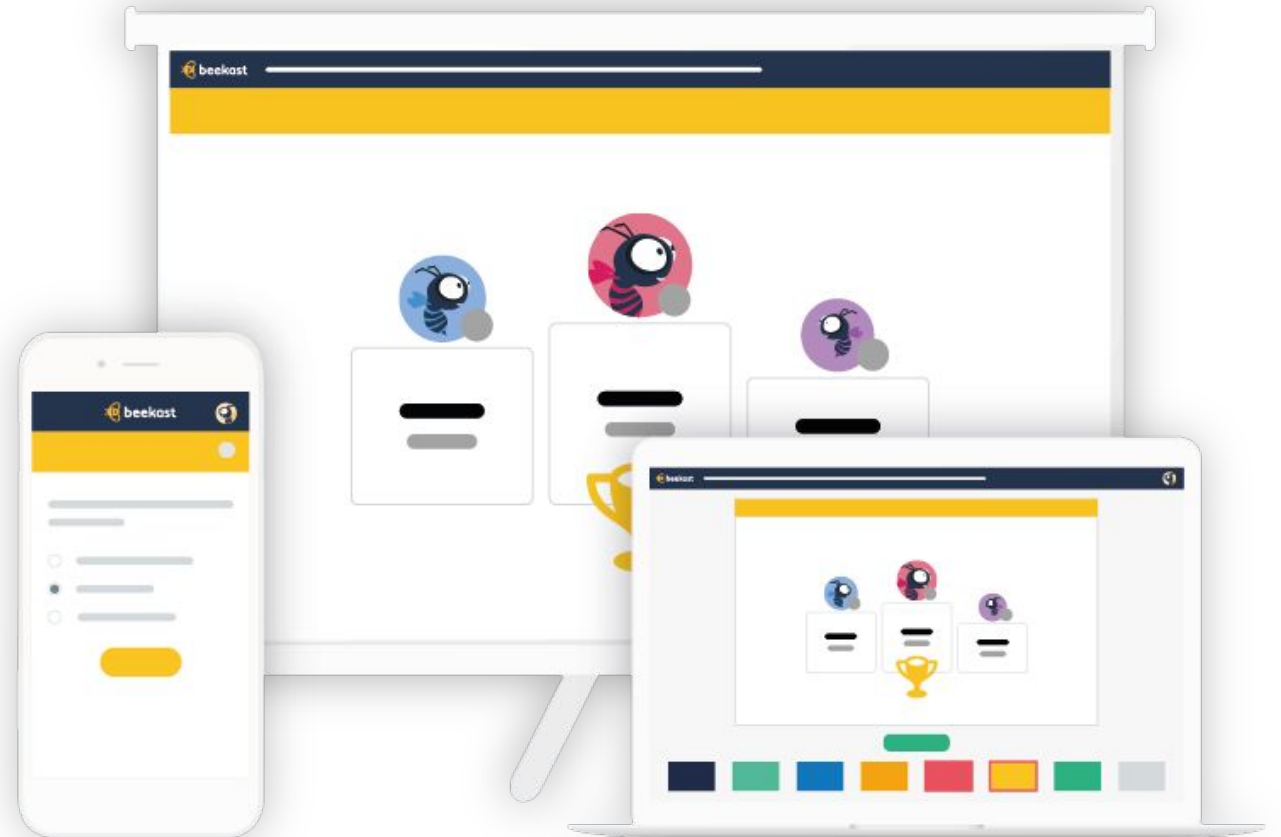

ACTIVITIES

Ranking

Display a random list on your participants' device and ask them to reorder the propositions. Chronological order, ascending order or alphabetical order, you name it!
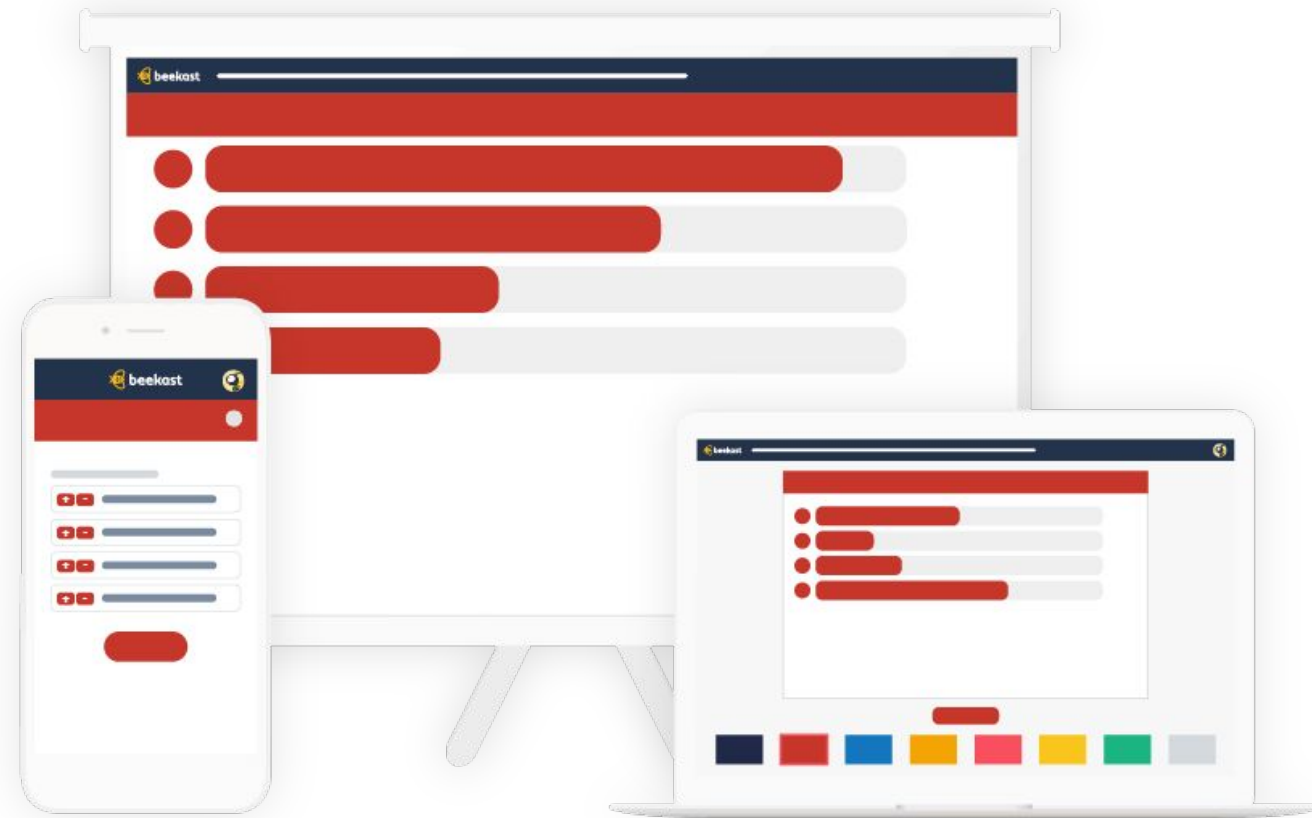

Challenge

Let your participants compete in teams or invite them to face the Challenge on their own!
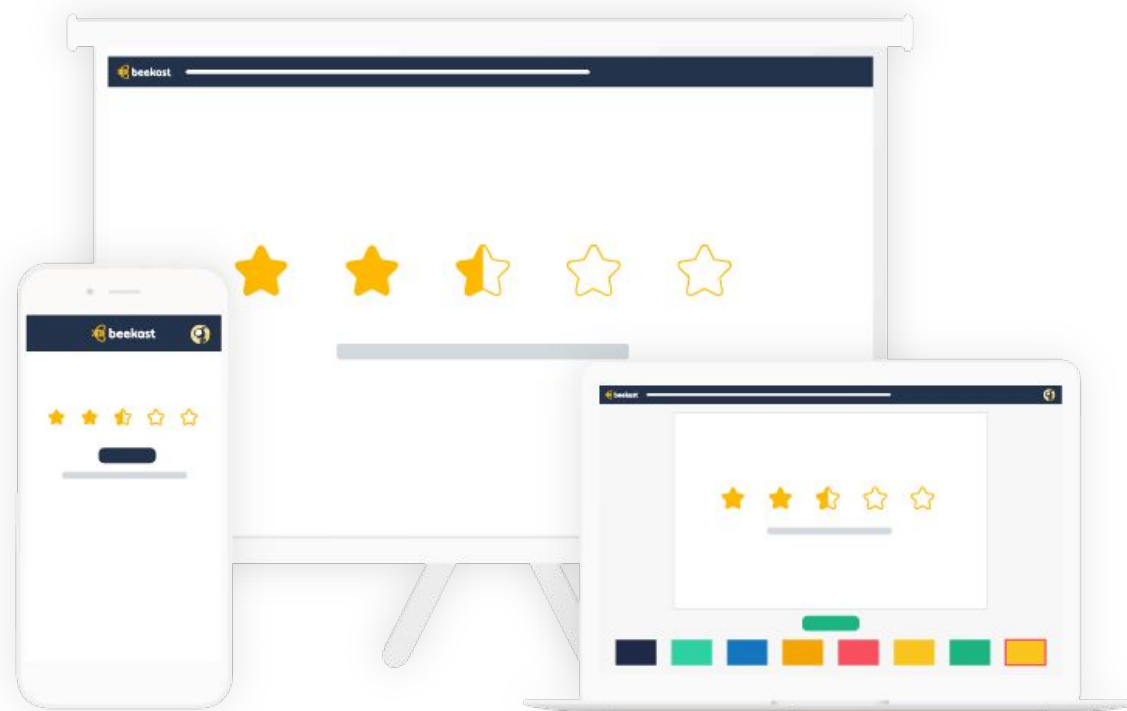

Prioritization

Accelerate complex decision making processes with the prioritization activity. Display a variety of proposals and a set amount of points to allocate: identifying hot topics and urgent matters has never been so simple.

★ Scoring

Visualize a score in a simple, efficient and fun way with a star-rating system ! Get feedback differently.

? Social Wall

Your participants can ask questions, post videos, GIFs and pictures or like and comment on each other's contributions in real time! No prior log-in is necessary and all posts can be moderated manually. Make sure that everybody's questions are asked and answered!
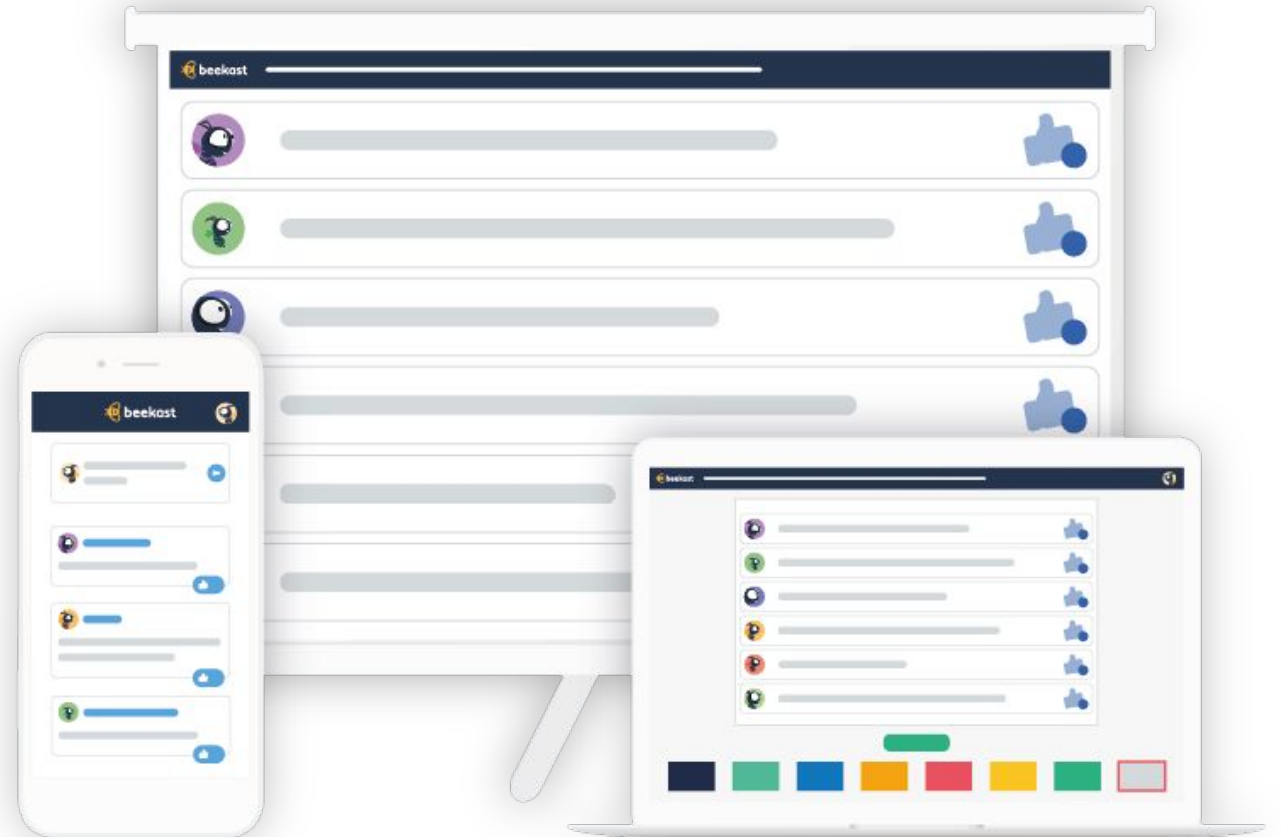

Brainstorming

Start a collective brainstorming session! Create the perfect Kanban, SWOT analysis or explore other genius ideas with the help of your audience. Your workshops will never be the same again !
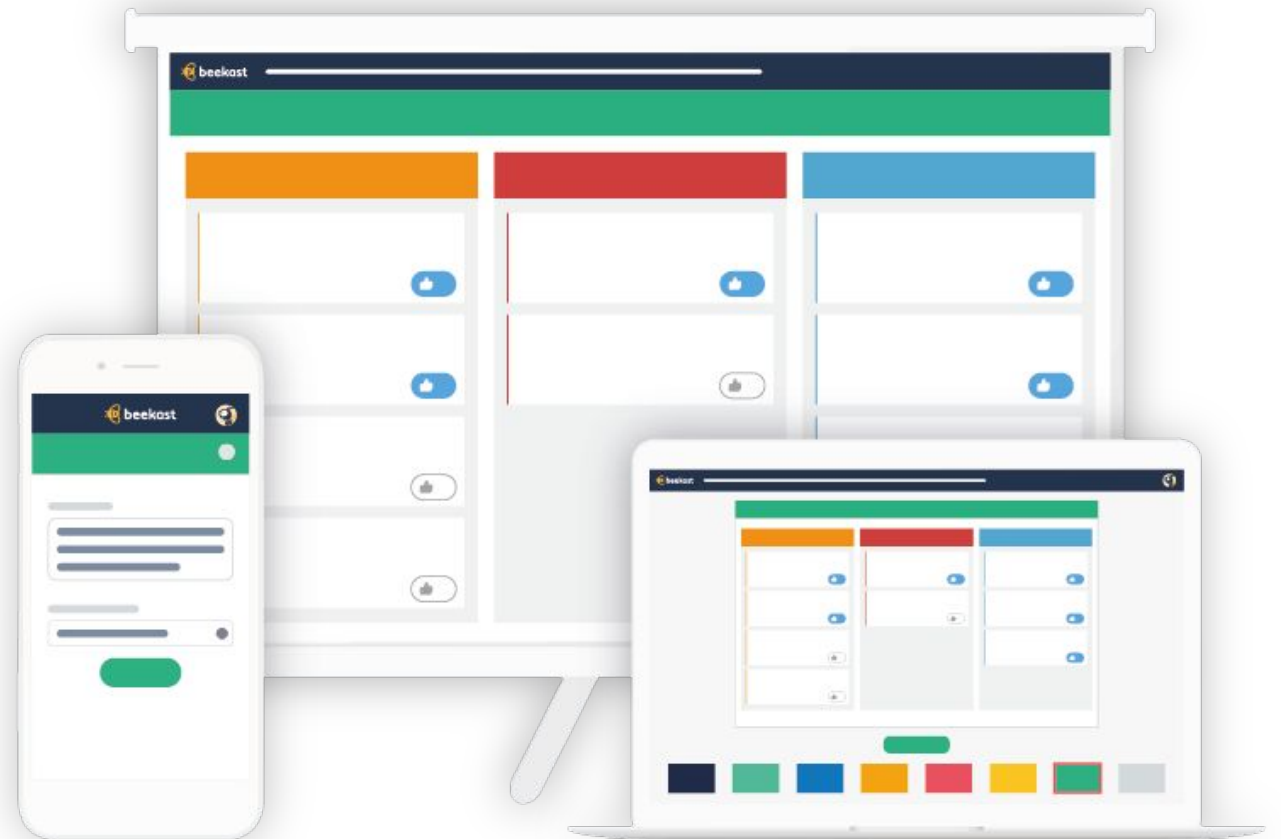

Selfie Wall

Nothing beats a picture as a souvenir to fondly remember your get-together. Ask your participants to take selfies and project a mosaic of their faces with your logo on top! Build team spirit and lighten the atmosphere in an instant!
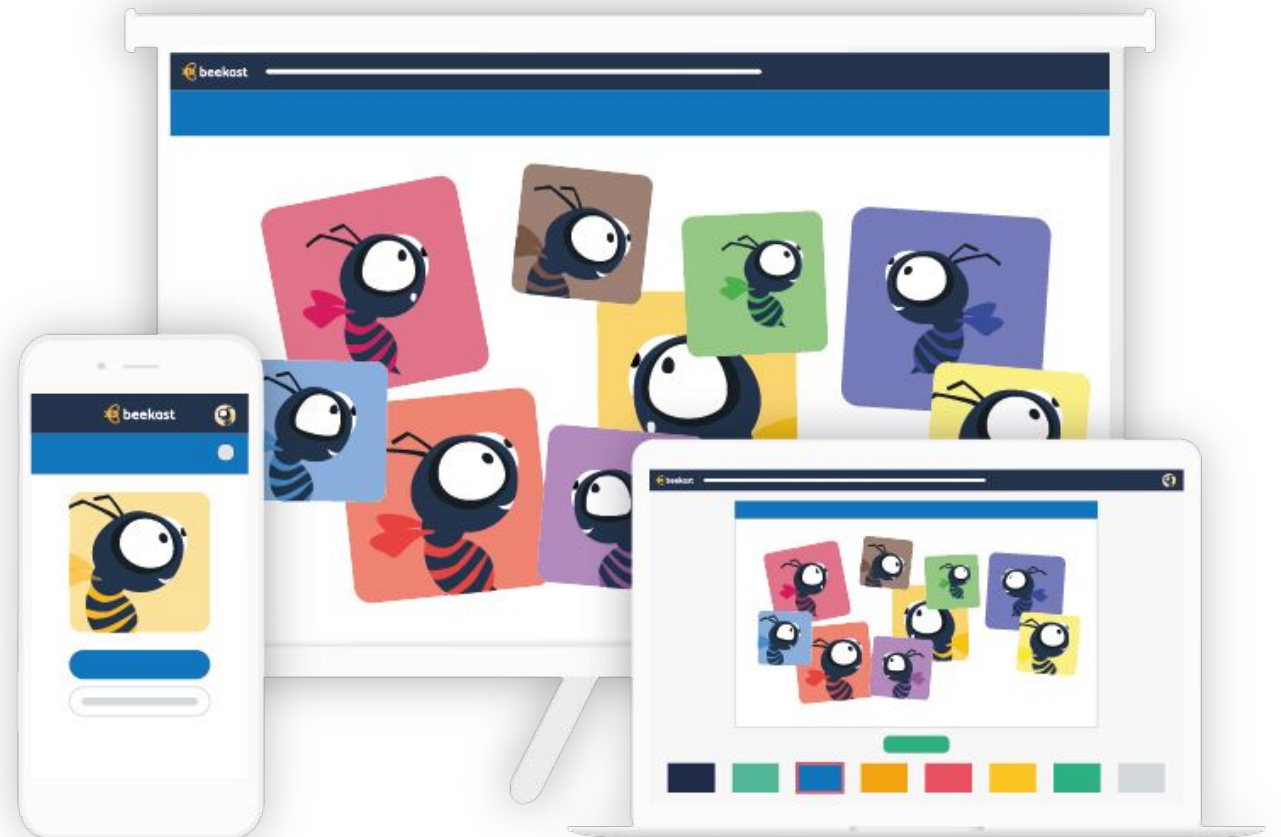

Form

Ask open or closed questions and discuss the results or keep them confidential. The Form is the ideal activity to collect feedback and improve future presentations.
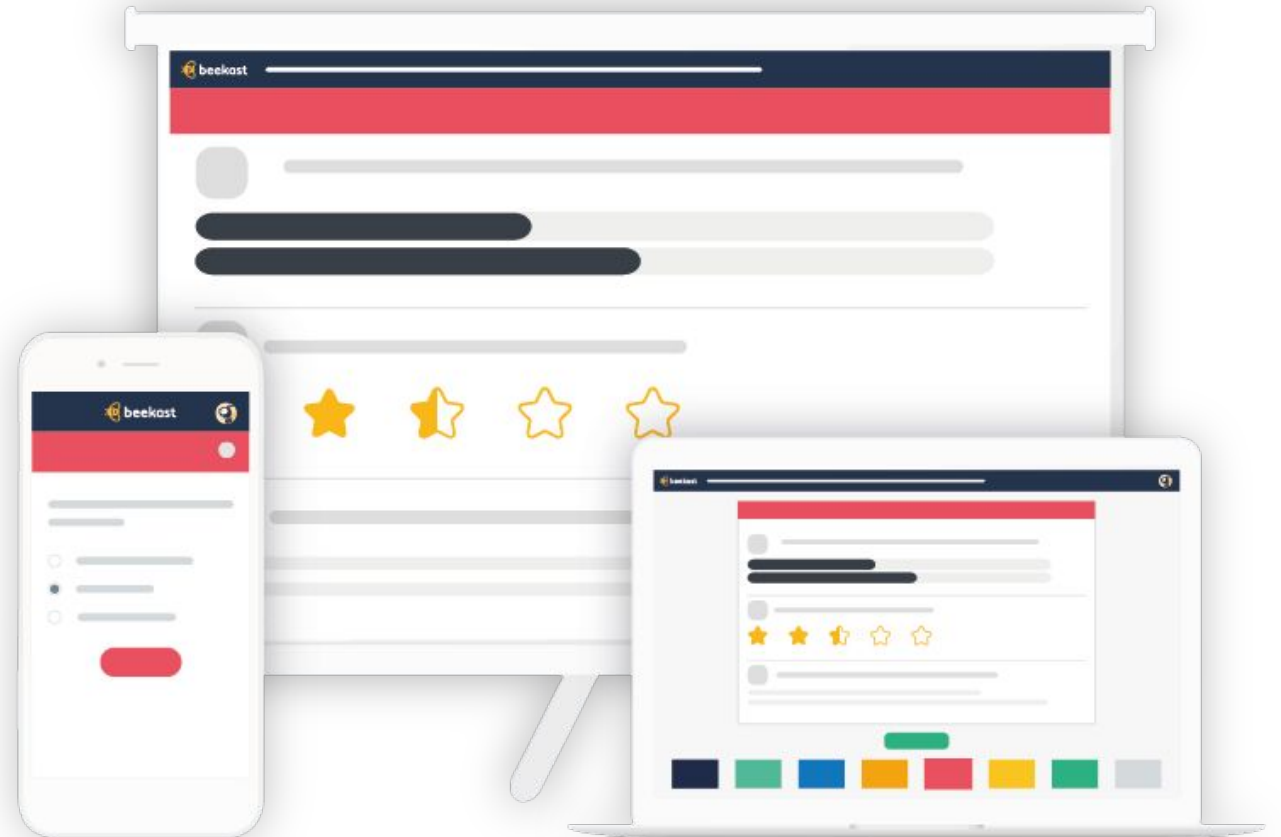

ORGANIZE

Agenda
Present the organization of the day. Communicate the time and location of your different conferences as well as their topics and so much more.

Custom page
Customize your presentation's interface with our word-processing tool!

Upload documents
Share important documents, summaires of your speakers' presentations and any other files that might be of interest for your participants.

Lists
Present speakers, brands, sponsors, etc., to all your participants.
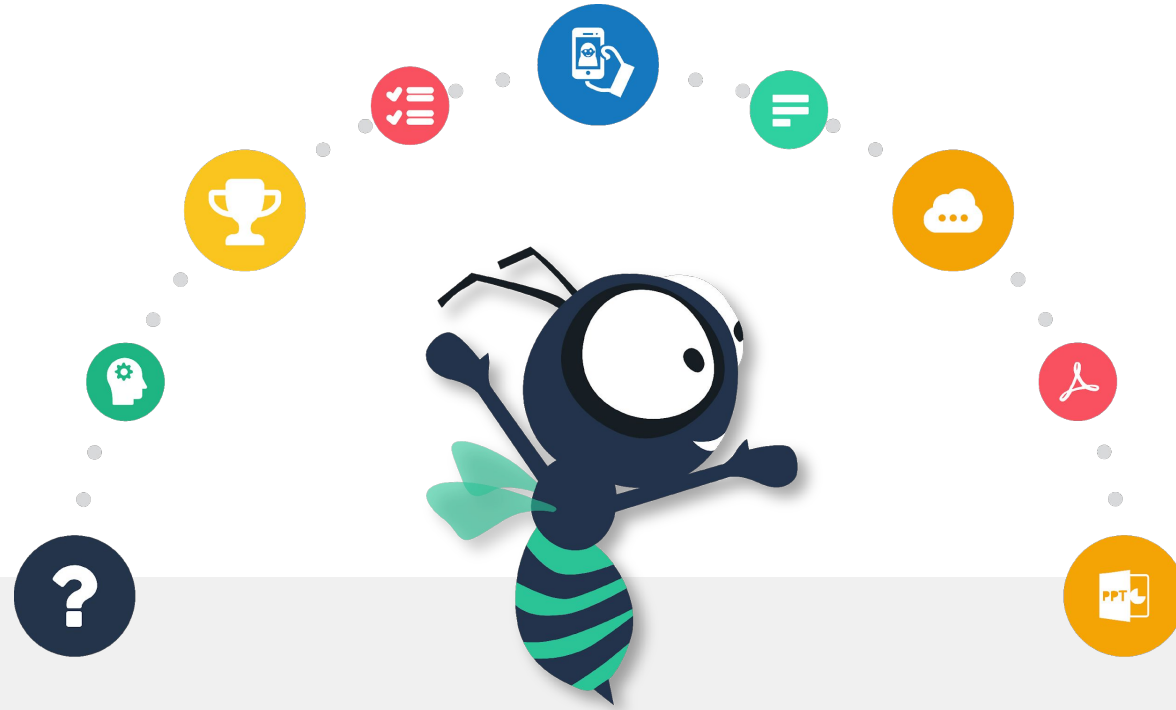

External links
Include links to other websites directly in our app to keep all relevant material on a single platform.

Participants
Display your participants' information to other participants so they can get in touch with each other.

SYNTHÈSE

An interactive, simple and fun solution.

A web-app: no additional material, no downloads!

A dedicated project manager before, during and after your presentation!

An activity bank with simple tools to meet all your needs!

Ask for your demonstration!
