Save time for everyone on the team by automating the scheduling process

# Schedule Guests on Your Website

Create an elegant, customized scheduling experience

to increase conversion

## Convert lookers into bookers

Easily customize a simple call-to-action button or directly share your booking page URL on your website to capture quality leads and increase customer conversion.
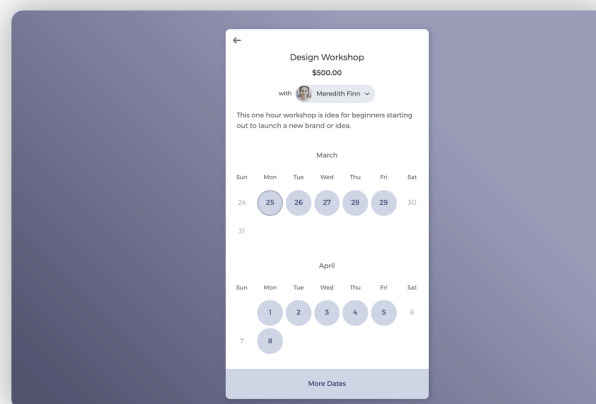

## Stand out with your branding

Create a beautiful booking page that matches with your branding and display your services with style.
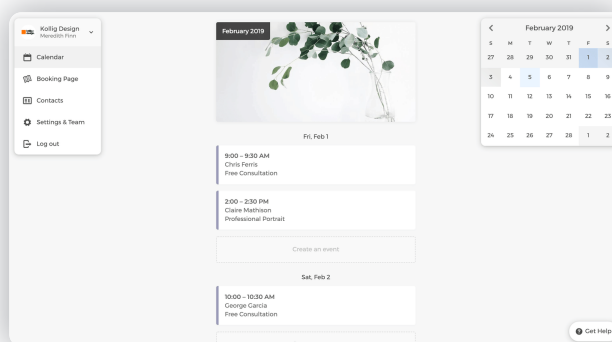

## Take control of your availabilities

Sync with your calendar to set flexible availabilities, customize intake form to collect client information, and receive payments right on your booking page.
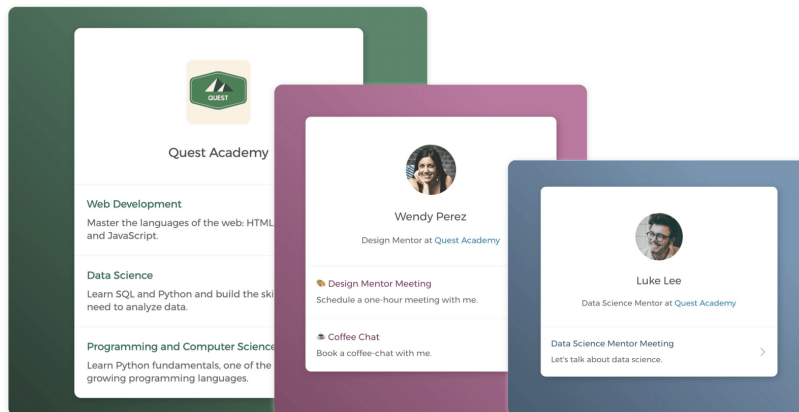

## Manage booked events on a simple calendar

Manage your scheduling settings, check your booked appointments and organize client information all in one place.

## Team scheduling to maximize bookings

Invite team members to join your collaborative booking page, set their own schedules, and allow guests to either select a preferred or auto-assigned member for the meeting.

# Integrations

CozyCal integrates with your existing workflows

# Loved by teams and individuals worldwide

CozyCal works around the clock to take care of your business's scheduling

"CozyCal has helped my team convert 50% more customers through the website. It frees up more time for my team to talk to clients on the phone. It's super easy to install and use. I highly recommend it."

**Chris Fawcett**
**Third Marble Marketing**

"It's so much cleaner than Calendly. It's a nicer experience for people I schedule meetings with, and the admin UX is way easier to navigate. I recommend people to give CozyCal a try."

**Andrew Rasmussen**
**Canny**

"Our team at What Works love CozyCal. It's so simple, straightforward and beautiful. We use CozyCal to book podcast recordings and chat sessions. When we switched over from Acuity to CozyCal, it felt great."

**Shannon Paris**
**What Works**

"From me, CozyCal's SOO easy to use. Set up was a breeze. Integrating it to the website was easy. From the customers appearance (those who visit my website to schedule), it looks very clean. Very user-friendly. "

**Ryan Lawlor**
**Blaire Upper Cervical Chiropractor**

"I was trying to find a scheduling tool for my website, but most plugins out there look outdated. I'm so glad that I found CozyCal. I'm using it to book meet-ups and I absolutely love how beautiful and easy to use it is."

**Cindy Norton**
**Mountain Practice Journeys**

"I've painstakingly tried over 15 schedulers and CozyCal is by far the most convenient and easy to use scheduler available. A must for all my websites. Not to mention the excellent support and customer service. Love it! "

**Amelia McCracken**
**Ment Marketing & Creative Services**
