# Simple Small Business Banking

Autobooks works with financial institutions to deliver what small businesses need: accounting, invoicing, and payment services integrated directly into current digital banking channels.

## AUTOBOOKS FEATURES

### All-in-One Solution

- Integrated into Online and Mobile Banking
- Send Invoices & Pay Bills
- Accept Payments
- Link External Accounts
- Built-In General Ledger
- Payroll

Small businesses have a lot of choices when it comes to managing their finances, including from non-bank providers. Autobooks helps financial institutions provide the services small businesses need to manage and grow their businesses.

#### AUTOBOOKS HELPS FINANCIAL INSTITUTIONS:

- Grow deposits, increase service fee income, & surface lending opportunities
- Bring treasury & cash-management products down-market to small businesses
- Reimagine business banking to better compete against non-bank providers
- Deploy innovative, digital products quickly and cost-effectively

#### AUTOBOOKS HELPS SMALL BUSINESSES:

- Accelerate cash-flow with integrated receivables & automate bookkeeping
- Build a stronger relationship with their bank & digitalize their back-office
