

because every employee
deserves a personal assistant

Spencer, the driver of your employee experience

1 Reach *everyone* in your organisation

Bring your company strategy and culture to everyone in the organisation, whether they're in the field, working from home or in the office. Your customers know what great experience feels like, isn't it time your people feel the same way?

3 Less is *more*

Spencer brings peace of mind in scattered enterprise tooling and complicated processes. Spencer's highly modular employee journeys, simplify and proactively guide employees throughout their workday. Improving the experience, driving engagement and efficiency.

2 Seamless & *secure* integrations

Enjoy out of the box connectivity with existing enterprise solutions or leverage our extensive expertise in securely connecting your existing solutions in a next generation employee experience platform.

4 What *war* for *talent*?

Foster your talent, from onboarding to off-boarding, while inspiring and attracting new talent. Measure and increase employee satisfaction with our built in tools.
