WHAT WE DO

Today, hiring and retaining the right talent is key to the success of any organization. Finding ideal candidates and comparing them to one another, hiring managers need to keep a reliable record of the talent available. Precedent HR's ATS helps streamline the daily workload for recruiters and HR professionals by combining these proficient features in one easy to use package. It provides a high level of role based security for different sourcing functions. Precedent HR's ATS, ensures enhanced productivity of recruiters and enhanced connectivity to applicants.
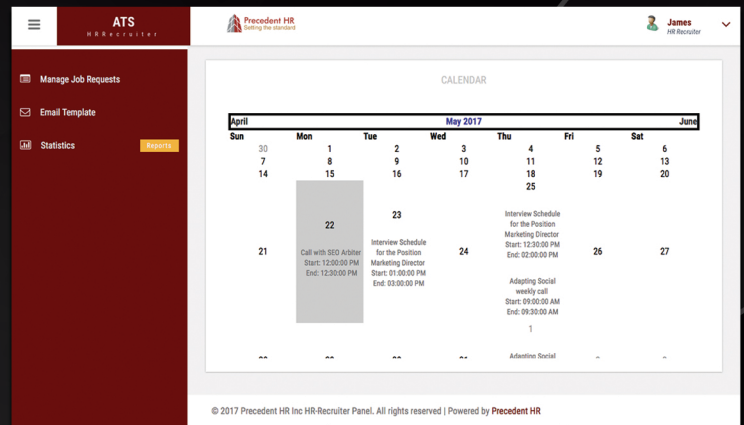

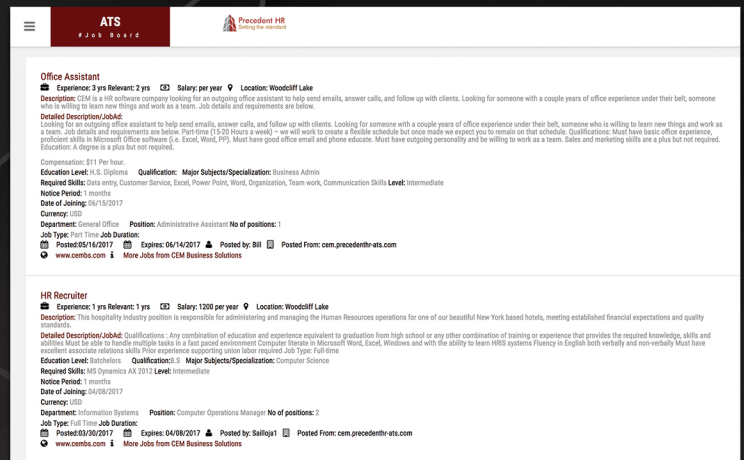

FEATURES

- Configure separate roles for Business & HR Managers, Recruiters and Applicants
- Job management
- Candidate management
- Advanced resume parsing
- Customized recruitment workflow
- Offer letter customization
- Reporting & management information
  - Detailed reports
- Post to job boards such as Indeed or LinkedIn.
