

Unified Classroom™ Special Programs

SPECIAL PROGRAMS MANAGEMENT MADE EASY

Part of the award-winning PowerSchool Unified Classroom™ solution, **Unified Classroom Special Programs** helps educators meet the needs of students in **special education, gifted and talented, English language learning, and section 504 programs.**

Improve communication and accessibility, meet compliance requirements, and ease administrative burden for staff with a secure, configurable, and integrated special programs management product.

Simplify Collaboration

Provide staff with one place to exchange information and access resources for students needing special services.

Make Case Management Easy

Help your staff complete tasks faster with reduced administrative work.

Be 100% Confident in Compliance

Meet compliance requirements without the stress. Unified Classroom Special Programs helps you handle the details to ensure your funding.

Increase Family Convenience

Save parents and guardians trips to school with electronic forms and progress in their parent portal.

Configure to Your Needs

Customized to your state's compliance requirements and adaptable to your district's needs.

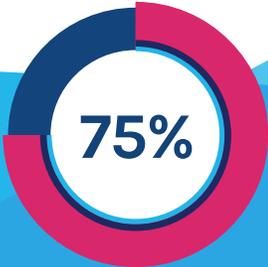

Enter Data Once

Save time with smart data syncing for IEP plans, 504 accommodations, and more.

Customers interviewed **reduced special education investigations and audit findings by 75 percent.**

75%

Special Education Case Management

One place for pre-referral, eligibility, IEP development, service documentation, state reporting, and data collection for Medicaid billing.

Service Capture

Export pre-built service reports and send to your preferred Medicaid billing service for convenient, faster service.

English Language Learners

Guided documents and language translation of forms makes it easy for English language learners and their families.

Gifted & Talented

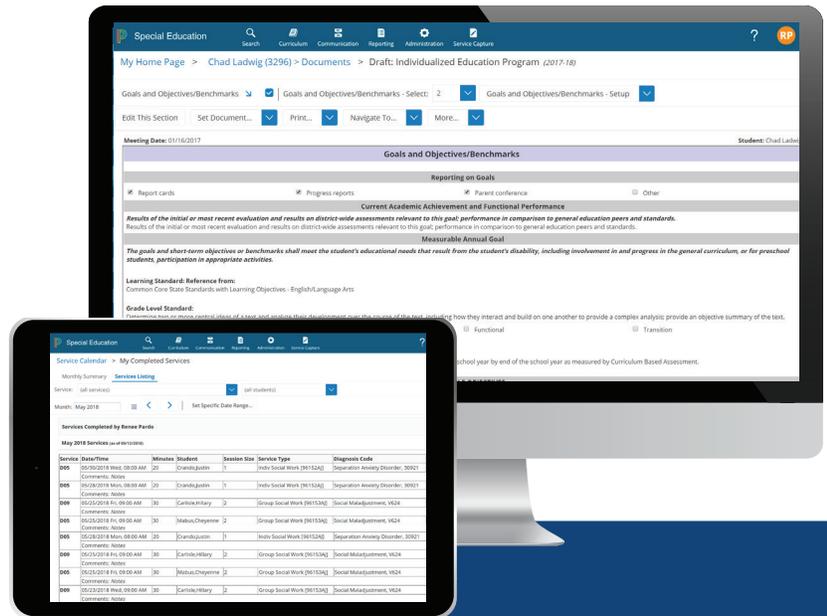

Track student progress, manage goals, and visualize student growth for those in gifted programs.

Response to Intervention (RTI)

Implement and track student interventions with curriculum-based measurement, student assistance teams, and progress monitoring.

Section 504

Document and track the delivery of student service plans with automated alerts for 504 eligibility and case monitoring.

“PowerSchool is making us nearly 50 percent more efficient, saving at least 70 administrative hours every year, and has improved state compliance from below 50 percent to 92 percent.”

ELIZABETH CLARK
Special Education Coordinator, Former Teacher,
Dillingham City School District, AK
