SpinPanel Cloud Automation

DISCOVER SPINPANEL

SpinPanel is a Cloud-based solution that allows Microsoft CSP Partners and their customers to manage and provision Cloud services directly from within the Office 365 Portal. Eliminating the need to set-up dedicated management portals – Just add SpinPanel to your Office 365 app launcher for free, no training is required.

INTEGRATE WITH THE SERVICES YOU DEPEND ON

Differentiate by creating your own services and win more business. Using the power of Microsoft Azure Automation, SpinPanel helps with the creation, deployment, monitoring and maintenance of your services.

ADD AND USE YOUR CUSTOM MADE SERVICES

With SpinPanel you can deploy your services to Office 365, Azure and even your own datacenter. SpinPanel manages license provisioning in the Microsoft Partner Center automatically.

CLOUD CONSUMPTION ANALYTICS AND BILLING

Microsoft Power BI integrates in SpinPanel to deliver rich, interactive reports and real-time dashboards to you and your customers. Reports can be modified to include or exclude data fields, filtered by any available dimensions. SpinPanel provides advanced management, compliance, reporting, alerting and auditing features to add value to your Cloud services. SpinPanel offers optional billing & payment gateway integration.

EASY TO USE NO SPECIAL TRAINING OR CERTIFICATIONS REQUIRED

Our easy-to-use interface allows your customers to manage their own accounts and services directly in the Office 365 Portal.

SAVE TIME

As a Microsoft CSP partner you can manage multiple customers with ease. Fine-grained role based access allows you to deploy and manage services without the need for PowerShell.

SECURE

We take security and privacy seriously, SpinPanel runs 100% on Microsoft Azure. You own and control your customer data, SpinPanel facilitates deployment, license provisioning and monitoring.

24×7 SUPPORT

We understand that you work late nights. We do too. That's why we offer 24×7 technical support in case you need it.

SCALABLE

SpinPanel runs 100% on Microsoft Azure, regardless of size, your business will never be put on hold because we don't have enough resources.
