

# The nation's first Wellness Savings Account.

Much more than a fitness reimbursement program.

A simple solution to enhance culture by providing employees with wellbeing dollars.

Let employees choose from options to individualize their wellbeing program. Not everyone wants to work out in a gym! Drive engagement through a broader definition of wellbeing with physical wellbeing, mindfulness, healthy eating, financial wellbeing and much more.

Modernize your wellbeing program, and offer a perk to help attract and retain talent.

## Not just features, but benefits too.

### FEATURE

#### Subsidy Disbursement

Distribute funds monthly, annually, or require employee check-ins to earn funds.

#### Marketplace & Discounts

Access to discounted wellness services and products, all negotiated by ThrivePass.

#### Employee Reimbursements

Automated services for employees who purchase outside of the marketplace.

#### Monthly Data Reports

Receive regular updates on when and where employees spend their funds.

### BENEFIT

#### Automation

Ease the administrative burden with ThrivePass' turn-key solution.

#### Flexibility

Customize the offerings to define wellness to your company's standard.

#### Choice

Maximize an employee's ability to use their company-provided funds.

#### Oversight

Analyze your organization's engagement trends for program optimization.

Some of our partners

We drive simplicity through technology

#### HRIS Integration
