CONNECTIVE

Connective eSignatures

Do business any place, anywhere, anytime thanks to Connective´s digital signatures solution. **Intuitive**, **secure**, **eIDAS** compliant!

Select the signature of your choice

Connective offers you a vast selection of signing methods, including a wide range of European eID-schemes that are compliant with the eIDAS Regulation.

Manual Signatures

Maintain the ceremonial aspect of 'wet' physical signature while signing your documents digitally

- ⊘ Manually drawn signatures
- ⊘ Biometric signing

One Time Password (OTP)

Authenticate a signer by sending a password or code to a signer which enables her/him to sign.

- ⊘ SMS OTP
- ⊘ Mail OTP

Verified Identity

Verified Identity signatures can be advanced (AES) or qualified (QES) depending on the identity scheme.

- ⊘ ID Schemes: eg. beID, Itsme®, iDIN
- ⊘ Other certificates: eg. Lawyer ID,...
