

In a fast-paced, constantly-evolving market, companies need engaged employees that can collaborate and communicate effectively.

Employees get asked to...

- **Share their knowledge**
- **Promote transparency**
- **Reuse best practices**
- **Stay aware of everything**
- **Work like a network**

But which tools do they get ? ○

ABOUT BEEZY

Beezy is the intelligent workplace for Microsoft Office 365 and SharePoint. We make collaboration within your organization easy and relevant. By extending the Microsoft productivity stack, we unify the digital workplace and empower users to communicate, share and collaborate better, whether on-premises, in the cloud or in hybrid environments.

Large customers such as Monster, Bank of England, ZF and many more can now benefit from the full functionality of an intelligent, modern digital workplace that brings together Collaboration, Communication, Knowledge and Processes.

Your Intelligent Workplace

THE PROBLEM

Even with the latest Office 365 features, employees lack certain tools to get work done. They are stuck in collaboration silos. As a result, employees today are unhappy.

THE SOLUTION

Beezy's enterprise-class software extends the Office 365 feature set with all capabilities needed to build a digital workplace.

Collaboration

- Communities
- Newsfeeds
- ShareBox
- Wikis
- Q&A

Communication

- Stories
- Announcements
- Department sites
- Pages
- Ask Me Anything

Knowledge

- Knowledge centers
- Idea management
- Skills & endorsements
- Experts finder

Processes

- Beezy Bot
- Action Cards™
- Intelligent Workflows™
- App store

Beezy is deployed as a SharePoint Add-in to your Office 365 environment. The Beezy experience removes collaboration silos, replacing them with a more connected, dynamic, and Intelligent Workplace.

HOW IT WORKS

Beezy is much more than just a pretty face. It is an enterprise-class application that extends Office 365 with advanced collaboration capabilities and connects the dots between Microsoft's business productivity tools, like: SharePoint, OneDrive, Yammer, Teams, Flow and PowerApps. Beezy delivers an award-winning and unifying user experience that employees love using on any device. Beezy also supports on-premises, cloud and hybrid deployments.

An award-winning UX

Consumer-like user experience that requires no training and will delight all users.

A powerful engine

Beezy stitches the pieces of the puzzle together, ensures high performance and feature availability through its API.

The perfect platform

The Microsoft stack is the most fertile ground to build an intelligent workplace.
