

# Estonian language for Estonia - User Guide

## How to Verify Language Installation

Open **Extension Management** and check if extension named 'Estonian language for Estonia' is installed. If not, please contact your partner.

## How to Change Language into Estonian

To change application language into Estonian, open **My Settings**, and choose 'Estonian (Estonia)' for the **Language**.

To display dates and numbers according to Estonian format, choose also 'Estonian (Estonia)' for the **Region**.

Click OK to apply and close **My Settings**.

You should see now Dynamics 365 Business Central in Estonian.

The screenshot shows the Dynamics 365 Business Central interface in Estonian. The header includes 'Dynamics 365 Business Central' and the company name 'CRONUS International Ltd.'. The main content area displays a greeting 'Tere!' and a dashboard with various financial and operational metrics in Estonian. The dashboard includes sections for 'Tegevused' (Activities), 'MÜÜK KÄESOLEVAL KUUL' (Sales for current month), 'TÄHTAJA ÜLETANUD MÜÜSUMMA' (Exceeded sales total), and 'TÄHTAJA ÜLETANUD OSTUSUMMA' (Exceeded purchase total). Below these are detailed views for 'POOLELIOLEV MÜÜK' (Sales in progress), 'POOLELIOLEVAD OSTUD' (Purchases in progress), and 'MAKSED' (Payments).

POOLELIOLEV MÜÜK			POOLELIOLEVAD OSTUD			MAKSED
