

faveo[®] 365

a modern, unified ERP solution

Enjoy all benefits of faveo Apps

The All-In-One ERP faveo 365

Smart additional features of the faveo Apps will facilitate your daily work with Microsoft Dynamics 365 Business Central. What if your entire system could be used as easily and intuitively as faveo Apps? faveo 365 provides a modern, digital workplace from a single source that enables retailers to manage, automate and streamline all fields of business.

faveo 365 is a modern, unified ERP solution powered by Microsoft. The system comprises business fields such as finance management, payment, supply chain management, inventory management, reporting and many other operations in a single source state-of-the-art cloud service. faveo empowers small and middle-sized businesses to automate and improve existing workflows, saving time and money. Our solution brings together secure and flexible multi-channel retailing with ERP-specific features to leverage business infrastructure to focus on growing your business and to stay ahead of the competition.

What Our Customers Say:

FOODIST

"Our previous order processing system could not keep up with our rapid growth. Now we rely on the unified future-oriented solution faveo 365 delivers."

JAN KAETEN, CFO FOODIST

"The solution, unifying classic ERP tasks with modern business intelligence functionalities in addition to a webshop, is ideal for our business. It saves time and creates new ways of attracting new customers and consolidate existing customer relationships."

ELMAR SCHUMACHER, GF, AEROBIS

R Y Z O N

"We were intrigued by the cloud-based approach/service. Instead of spending our financial means on the IT- infrastructure we can use it for growing our business."

TIM KRÜGER, HEAD OF OPERATIONS,
RYZON
