

User Types for Microsoft Dynamics 365 Business Central

Keensoft

Reduce mundane administration effort every month with **User Types** for Dynamics 365 Business Central.

- Do you want your employees to focus on what they're good at and reduce repetitive administration tasks?
- Does your business suffer with mis-postings in the wrong financial periods?
- Are you tired of your finance team clearing up other user's mistakes?

Save Time | Increase Productivity | Reduce Administration

At least every month, typically a senior finance user laboriously resets users posting dates in Dynamics 365 Business Central to allow them to post into prior periods.

With **User Types** for Dynamics 365 Business Central, administration effort is reduced by as much as 90% whilst significantly reducing the potential for error
