ChargeLogic
RETAIL EXPRESS

Everything you need at the point of sale, inside Microsoft Dynamics 365 Business Central.

ChargeLogic Retail Express provides an easy-to-use point of sale application with integrated payment processing and access to all of your data in Dynamics 365 Business Central. Accept payments from all of your sales channels with ChargeLogic.

Designed for Dynamics 365 Business Central

ChargeLogic Retail Express is built inside of Dynamics 365 Busines Central, allowing you to get your stores up and running quickly. The flexible system gives you access to all of your data in Dynamics 365 Business Central and at the POS. Access inventory, customer data, financials, and more. Your inventory will always be current with this cloud-based solution that updates information in real time.

Our PCI-validated solution gives you confidence, knowing that you can securely accept all payment types, including credit cards, debit cards, and gift cards, to increase sales and customer satisfaction.

Power at the POS

The cash register is more than a place where you collect payment. It's the place where you connect with customers to make a lasting impression.

ChargeLogic Retail Express makes it easy for you to create a positive experience and keep your customers coming back for more. Compatibility with iOS, Windows, and Android devices gives you the ability to select the look and feel that fits your brand.

Our turnkey solution offers EMV PIN pads, receipt printers, cash drawers, and barcode scanners. Purchase the entire package or mix and match to get just the items you need.

More Sales in More Places

Customers shop everywhere—online, on phones, in stores, catalogues, at events—and they want to access your products and services when they want and how they want. With **ChargeLogic's suite of products**, you can manage all of your payments from all of your sales channels within Dynamics 365 Business Central.

With solutions for retail, e-commerce, mobile, phone and mail orders, **ChargeLogic** can address all of your needs to accept payments and manage data in Dynamics 365 Business Central. Start with **ChargeLogic Retail Express** at the point of sale and in the back office, then add **ChargeLogic Connect** for e-commerce. Use **ChargeLogic Anywhere** for mobile sales.

Grow your business and expand your sales channels with **ChargeLogic**.
