

Empowering health systems.
Transforming healthcare delivery.
Creating value.

**Address patient and
physician demand**

**Expand clinical care
and capabilities**

**Reduce expenses and
increase market share**

In today's consumer-directed healthcare ecosystem, hospitals and health systems are incorporating virtual care into their everyday practices to improve access and care coordination, increase efficiency, prevent readmissions and expand population health programs.

Teladoc Health empowers organizations to grow their business and brand at unmatched quality and scale through an end-to-end licensable telehealth solution and operational support to deliver care conveniently and securely.

The American Hospital Association has exclusively endorsed the telehealth technology platform and licensable software solution of Teladoc Health.

Teladoc Health is creating a new kind of healthcare experience with greater convenience, outcomes and value at unmatched quality and scale.

A solution dedicated to health systems

Teladoc Health offers the most comprehensive telehealth solution in the industry with a business unit and technology platform dedicated exclusively to the needs of hospitals and health systems.

No other company in the industry offers the breadth and depth of Teladoc Health – and Teladoc Health is the only virtual care provider with a telehealth technology platform and licensable software solution exclusively endorsed by the American Hospital Association.

Why Teladoc Health

• **Most comprehensive solution**

The most comprehensive telehealth solution available with unmatched operational support.

• **Trusted partner**

More than 10,000 clients including Fortune 1000 companies, leading health systems, and health plans trust Teladoc Health.

• **Unmatched clinical quality**

Teladoc Health holds a 92% resolution rate* and is the first NCQA-certified telehealth provider.

• **Ability to scale**

More than 2M telehealth consults projected in 2018; 3x the rest of the industry combined.

• **Publicly held**

The first and only publicly traded telehealth provider in the industry and validated by multiple independent experts.
