

What is PowerFind?

PowerFind allows you to easily find records in Microsoft Dynamics CRM. With PowerFind, you have a simple interface within CRM to search across accounts, contacts, leads, and campaign responses. With the configurable reading pane, you can see the information that is important to you for each entity on a single screen. Fast searching and easy navigation will make this one of the most valuable screens in your CRM system!

- Ability to easily find people in Microsoft Dynamics CRM
- Powerful side bar reading pane allows you to read information without opening additional windows
- Simplified navigation with fewer number of clicks and open screens
- Search accounts / contacts / leads / campaign responses from a single screen
- Drag and drop reading pane for easy configuration
