

CONNECT by Condeco

Take the complexity out of managing your meeting rooms with Connect, an intuitive touch screen display and centralized admin portal in Microsoft Azure's Cloud. Providing seamless integration with Microsoft Exchange and G-suite allowing you to book straight from your Outlook™ or Google Calendars™, bringing a simple, single view to meeting room bookings - right across your business.

An integrated meeting room booking system

The Connect solution includes a Room Screen for each meeting room, central portal in the cloud, mobile app and Outlook widget.

Screens

No more conflicts or confusion. With Connect screens outside your rooms everyone can clearly see if the room is booked or free and book the room right there and then.

Mobile App

Our mobile app for iOS and Android helps you get a list of available rooms for your meeting, fast.

Outlook Room Finder

The Microsoft Outlook Room Finder widget helps find a room in seconds. Simply select the room you'd like invite to the meeting and you're done.

Administration Portal

Everything you need to manage and monitor your rooms can be done centrally in the Administration Portal, with no software install required on-site, it's all in the Cloud.

Key Features

Calendar integration

Works seamlessly with Microsoft Outlook™ and Google Calendars™.

Brand your screens

Customize the room screens to leave a lasting impression.

Simple set up

No software installation, direct room calendar connection and configurable by Cloud.

Smart touchscreen

Make, start, extend or end your booking at the room.

More insight

See how rooms are being used and how often no one's turned up.

Support on demand

On-demand support from Condeco experts, 24/7.

Visible room status

LED lights make it easy to see room status from a distance.

Low monthly pricing

Flexible pricing options to suit your size and requirements, even as you grow.

Secure and reliable

Using MS Azure™ Cloud, Connect is secure, scalable, reliable and updates itself.
