

Why do you need **CMMS** system?

CMMS systems are the key to reducing maintenance costs, increasing transparency and increasing productivity.

WorkTrek helps you simplify your maintenance activities, management of assets, work orders, contracts, resources, subcontractors and inventory.

Modules

ASSET MANAGEMENT

SERVICE CATALOG

REPORTS AND KPI

WORK ORDERS AND REQUESTS

CONTRACT MANAGEMENT

HEALTH AND SAFETY

PREVENTIVE MAINTENANCE

INVENTORY MANAGEMENT

MOBILE APPLICATIONS

Access anytime & anywhere

A web browser on a computer or laptop, a mobile app (Android and iOS), or a tablet. WorkTrek is easily accessible anywhere and anytime.

Simple & customizable

WorkTrek is designed so that everyone can easily get the information needed to complete the task. The system can be customized to fit your needs and your processes.

Fast & secure

WorkTrek is easy to set-up and does not require additional hardware or software. All data is securely stored and protected in the cloud.

With technicians spending most of their time out in the field, they shouldn't be tied to the office or computer. The system should provide access to all the information required to perform fieldwork.

That's why we have our **WorkTrek mobile application.**

Features

Work orders and requests, assigning and releasing assets, inventory control

Barcode integration

Using the camera or embedded barcode reader

Offline

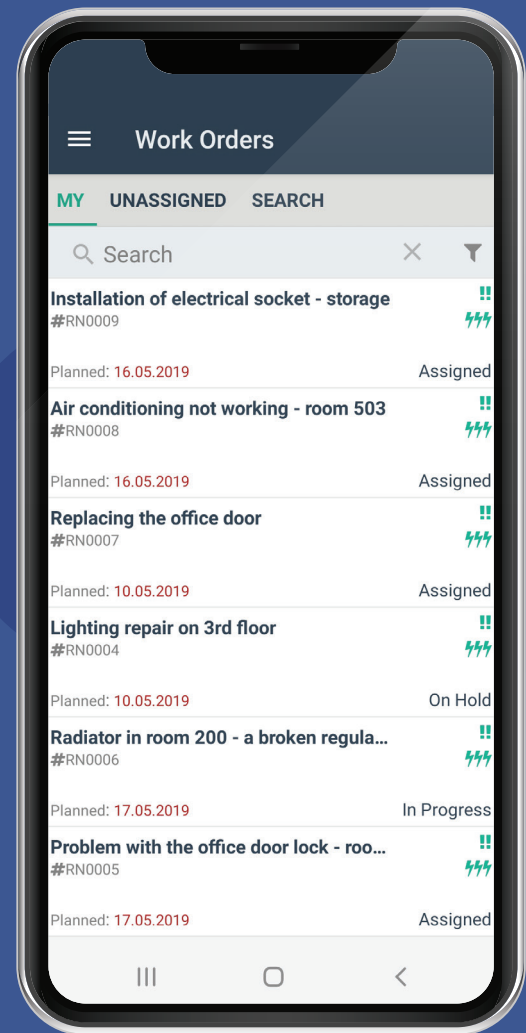

Offline mode

Search

Search for assets, work orders and requests
