# INTEGRATE WITH TOP SHIPPING COMPANIES

You want to send your goods internationally, so we are providing you top International shipping companies like

# **KEY FEATURES**

### Multiple Shipping Services

ShipGuru provides multiple shipping and delivery services integration with Microsoft© Dynamics 365 inventory and warehouse management.

| Gf2 | One | Window | Logistics | Solution |
|-----|-----|--------|-----------|----------|
|     | One | window | LOGISTICS | Solution |

We are providing one Window Logistics Solution, from Inventory until delivery all processes included in a single window.

Your data is live 24/7 and so should your dashboards. Modern dashboard software should provide you 365/24/7 access from wherever you are. A browser-based software also allows you to access your data from your computer, mobile and tablet.

# Variety of Shipping Options

A strong indicator of a reliable freight shipping provider is the availability of shipping choices. Dependable providers will offer a multitude of options. When a freight company offers various services, more of your business needs can be handled under one roof.

As a web-based solution, you'll never have to worry about installing or configuring new software or third party web controls and paying for expensive servers.

G **Real-Time information** 

ShipGuru provides real time information: Price shipments at creation, management reports, KPIs, revenues, costs, transaction logs, etc. All this information is available at your fingertips 24/7.

### **Support Ticket Management**

A support ticket system allows users to communicate issues quickly and efficiently without having to pick up the phone. Tickets can be created to resolve issues such as lost or damaged shipments or system feature requests.

### **Returns Management**

With ShipGuru you control the entire journey of the workflow, from point of sale to delivery and returns. Customers can log onto the portal and access the simple 'Return Your Order' function to print off a label and return directly to the retailer.
