- Manage dedicated pages based on Office 365 content

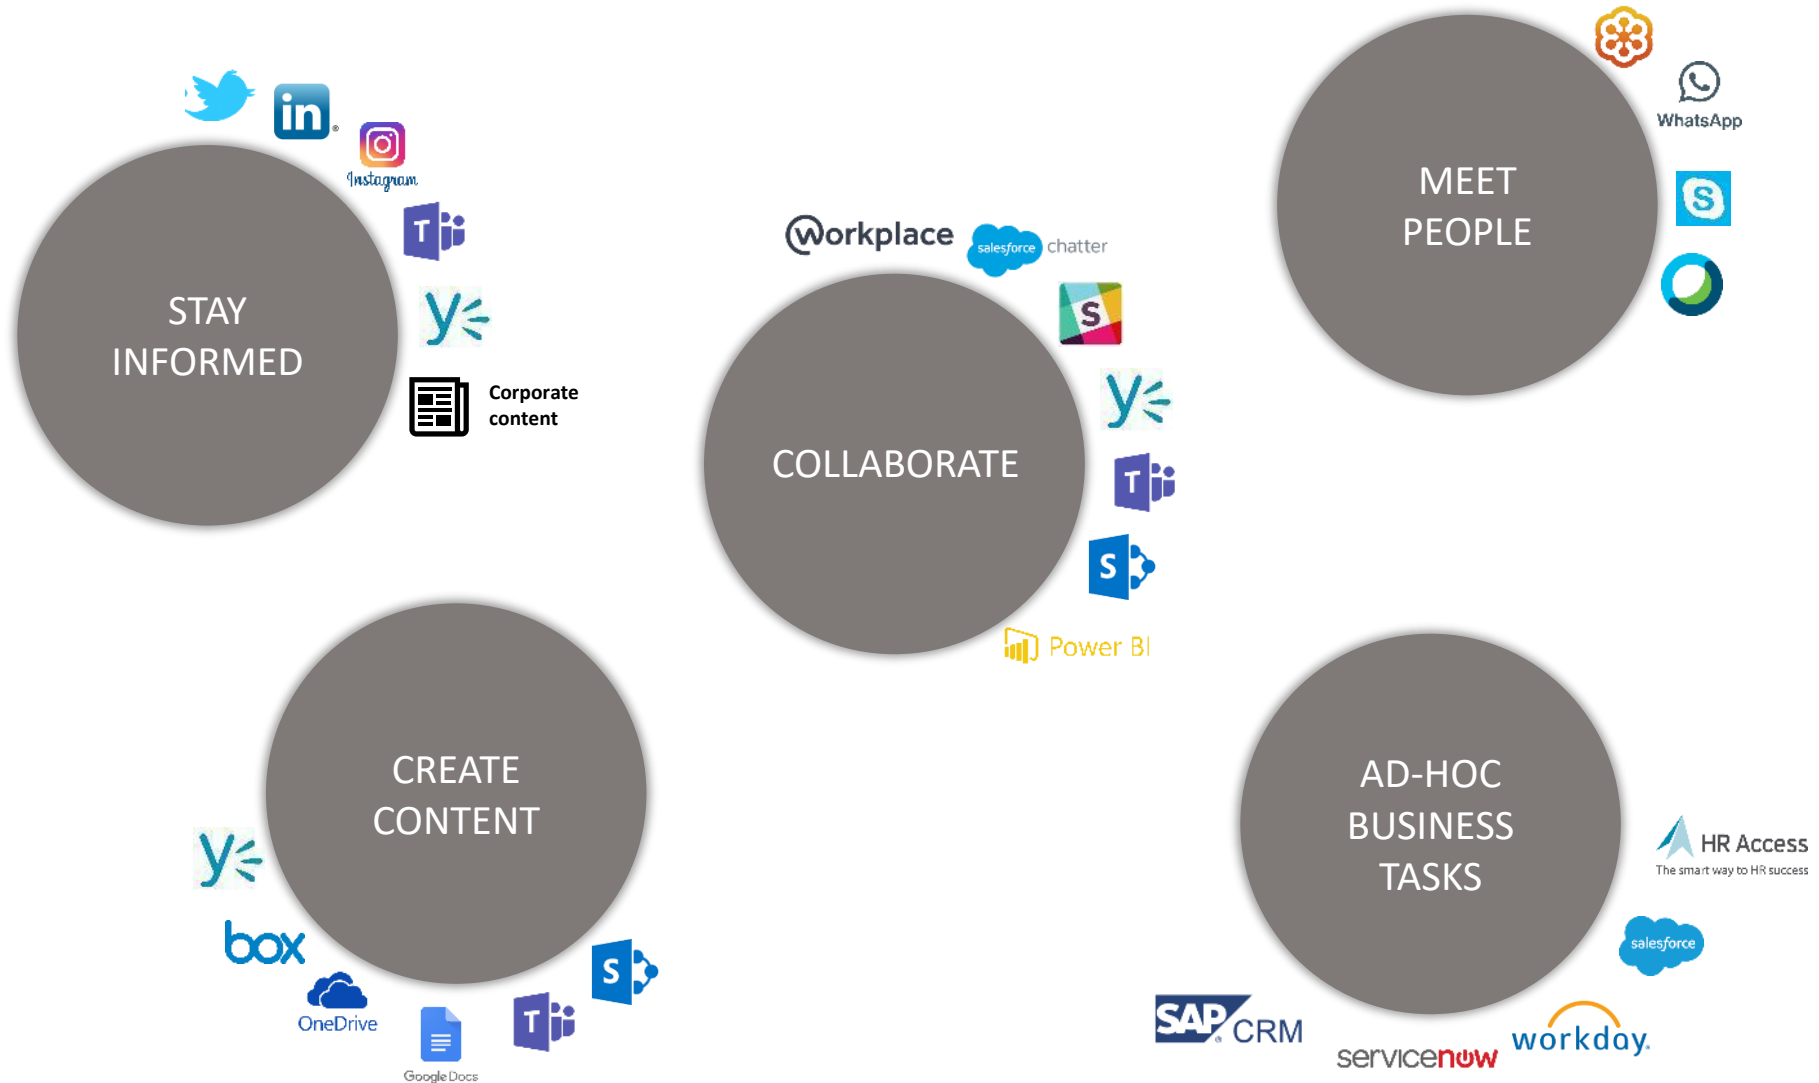

YOUR STORY

YOUR EMPLOYEES HAVE DIFFERENT JOBS WITH DIFFERENT GOALS

YOUR EMPLOYEES USE LOT OF DIFFERENT APPS WITHIN THE DAY

THE MAIN DIFFICULTY IS TO FIND THE RIGHT CONTENT

WE SPEND A LOT OF TIME SWITCHING BETWEEN APPLICATIONS

You need the last sales presentation ?

- Open the **Mailbox** and search
- Open the **Collaborative tool** and search
- Open the **Drive** and search
- Open the **Social network** and search
- Open the **Intranet** and search
-

WE ARE SWARM BY CONTENT SOURCES !

OUR GOAL

SIMPLIFY THE EMPLOYEES JOURNEY

Make it simple and user friendly !

One place to go

Personalized experience

Everywhere access

ARCHITECTURE AND ADMINISTRATION

ARCHITECTURE OVERVIEW

POWELL HUB ROADMAP

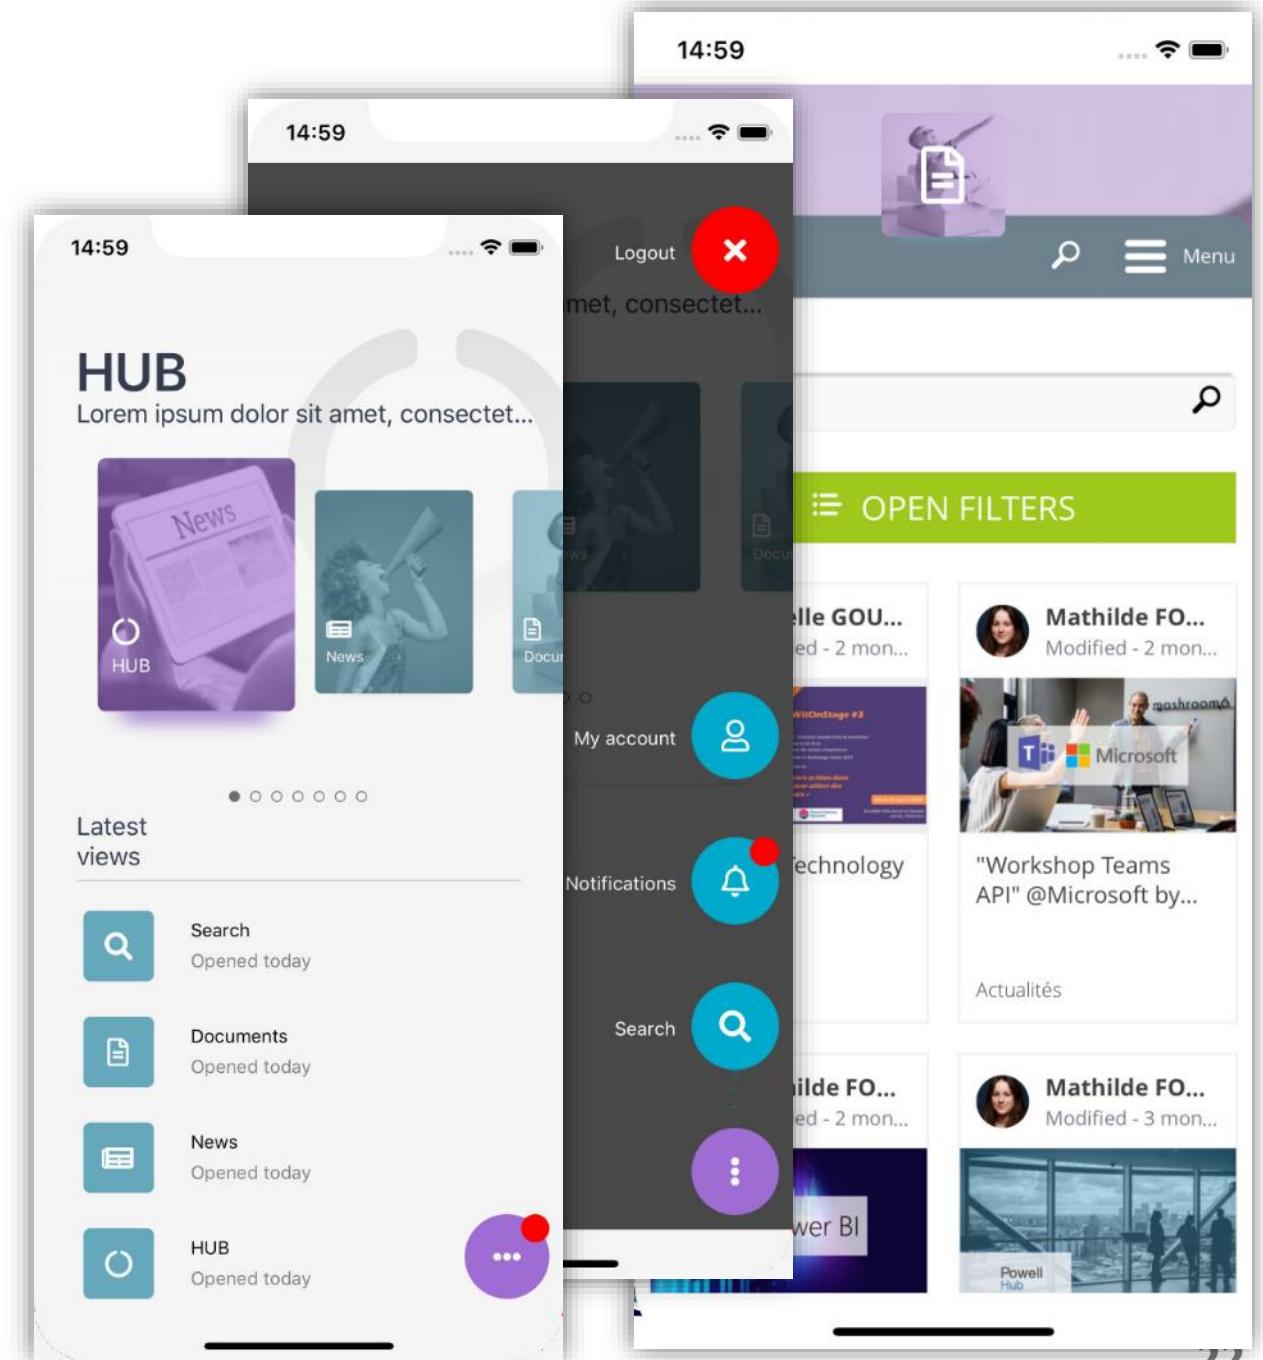

NEW MOBILE APP*

Main objectives

- Offer a single app for all Powell Software products
- Offer customization capabilities into Powell Manager for a deployment through a MDM solution
 - App's name
 - App's logo
 - App's overall design (colors)
 - Customer's security certificate
- Offer a better user experience
 - New UI and UX adapted for mobile
 - Give the capacity to build content rendering section adapted to the company usages (news, people directory, recent content, ...)
 - Section are configured into Powell Manager
 - No need to display SharePoint site in responsive design

Availability: September 2019

*Design can evolve until release date
