

Crowe Advanced Supply Chain for Automotive for Microsoft Dynamics 365™ for Finance and Operations Software

The Microsoft Dynamics 365 platform offers the next generation of enterprise software for automotive suppliers. Leveraging the latest available Microsoft Azure™ cloud technology, the Dynamics 365 platform provides automotive suppliers with the capabilities they need to streamline supply chain planning, improve plant floor operations, better manage employee engagement, and react quickly to ever-changing OEM requirements.

The Crowe Automotive Accelerator extends the Dynamics 365 platform to support the industry-specific needs of the automotive supply chain.
