ZAPOBJECTS

Getting Started – Zap Email Parser App

Step 1: Install Zap Email Parser solution file in your Dynamics 365 CRM environment (from AppSource).

Step 2: Register license profile online to request trial. Browse to Settings >> Zap Apps >> Zap_EP_License, enter details and click register. Refer licensing KB article for more info. (refresh the page if licensing link does not show up in sitemap).

This will start the 15-day trial automatically.

Below are some useful resources that you can refer during trial:

App features page: https://zapobjects.com/apps/zap-email-parser/

Blogs: https://zapobjects.com/category/microsoftdynamics365_crm_email_parser_app/

Zap Knowledgebase: http://support.zapobjects.com/

Zap Online Store: http://zapobjects.com/store/

Feel free to email support@zapobjects.com if you have any questions or need demo.
