10 REASONS WHY: PAYMENT PROCESSING WITH SK GLOBAL SOFTWARE

Microsoft Dynamics 365/Dynamics AX users can enjoy processing secure payments backed by PA-DSS certified electronic payment technology. ePay Advantage, Credit Card Advantage and Paylink make up the credit card processing stack by SK Global Software.

Ten reasons to choose the SK Global Software stack for your integrated Microsoft Dynamics 365/Dynamics AX Payment Needs...

1. Increase cash flow & working capital with integrated electronic payments.
2. Improve customer service & satisfaction with self-service payment portals.
3. Tackle invoice presentment, payment processing & finally, payment settlement with a zero-touch solution integrated with Microsoft Dynamics 365/Dynamics AX.
4. Removes sensitive cardholder data from your local environment reducing liability exposure.
5. Reduce overhead costs associated with payment collection.
6. Reduce cost of payments by qualifying for wholesale Level III rates.
7. POE (point of entry) can be controlled with PayLink to eliminate employees touching cardholder data.
8. Reduce PCI scope and associated costs.
9. Enjoy user friendly interfaces.
10. Choose a partner with over 20 years of experience delivering solutions for Microsoft Dynamics 365/Dynamics AX, empowering finance teams around the world to save time and money.
