

What is PowerHashTag?

Ever want to see other records similar to the one you're viewing, not just its related records? PowerHashTag allows users to quickly create hashtags (keywords) to categorize and organize any Dynamics CRM records. A simple click on any hashtag displays other records tagged with the same word. Assign colors to hashtags to make them quicker to identify. Already a PowerPack subscriber? You'll receive this add-on for free!

Features:

- User created keywords
- Color code the keywords
- Find records with the same keywords
- Add to any CRM entity form
