

Why LavaDo?

- LavaDo provides your organization the access to HR Services such as attendance by face recognition, Finance, Purchasing, and Project Management systems all through mobile phone with a single sign on portal for all the different systems. This saves your organization unnecessary expenses, time and effort.
- LavaDo will combine the needed data to help for taking the decision when or wherever you are
- LavaDo will let you focus on your business priorities, and your work attendance will be from anywhere by face recognition
- LavaDo is a mobile application; unifies your work transactions and takes care of addressing the right system for each
- LavaDo enables your employees to do their non-functional tasks through their mobile phones with a single sign on portal for all the different systems they frequently use. This saves your organization unnecessary expenses, time and effort and allows your employees to be more productive.
