- Sales Order Processing
- Private Label and Gift Cards
- International Cross-Border Brands
- Complete Reliability and Security
- Compatible with Dynamics 365 for Operations, Dynamics 365 for Retail and Dynamics AX2012

PROCESSOR OF CHOICE

As a retailer who has chosen Microsoft Dynamics to run your operation, you need to know that your business solution will work with your existing bank and payment processor. You should also have the flexibility to keep or change to the payment provider of choice without having to rip and replace your technology or reinvest in integration to a new provider. MAX Pay allows you -- the merchant -- to choose.

CONNECTIVITY TO ALL MAJOR PROCESSORS

Through its integrations to payment gateways and payment processors, MAX Pay enables retailers to process payments through all major credit card processors in over 38 countries. To see all available connections to payment technology solutions, click below:

COMPLETE DATA SECURITY

MAX Pay adheres to the most up-to-date security standards to protect your business - Credit Card Holder Data Security, PCI Compliance, EMV Chip/Pin, P2PE, PCI Validation.

ADVANCED PAYMENT PROCESSING TECHNOLOGY

MAX Pay supports advanced features and functionality critical to your business, such as Gift Card Management, Club Membership, EBT, FSA, eWIC, Tips, Cash Back, and many other features and benefits. Not restricted to just POS transactions, MAX Pay supports transactions made anywhere within Dynamics D365 for Operations / Dynamics AX including eCommerce and supports complex workflows.

INTERNATIONAL CROSS-BORDER BRANDS

A key feature for retailers with cross-border stores is that MAX Pay not only supports multiple payment processors utilized within the same store domestically, but also supports payment processors utilized in foreign countries where the same brand stores are operating.
