**IOT 4 MANUFACTURING**

# The solution for the Digital Transformation of Products & Operations
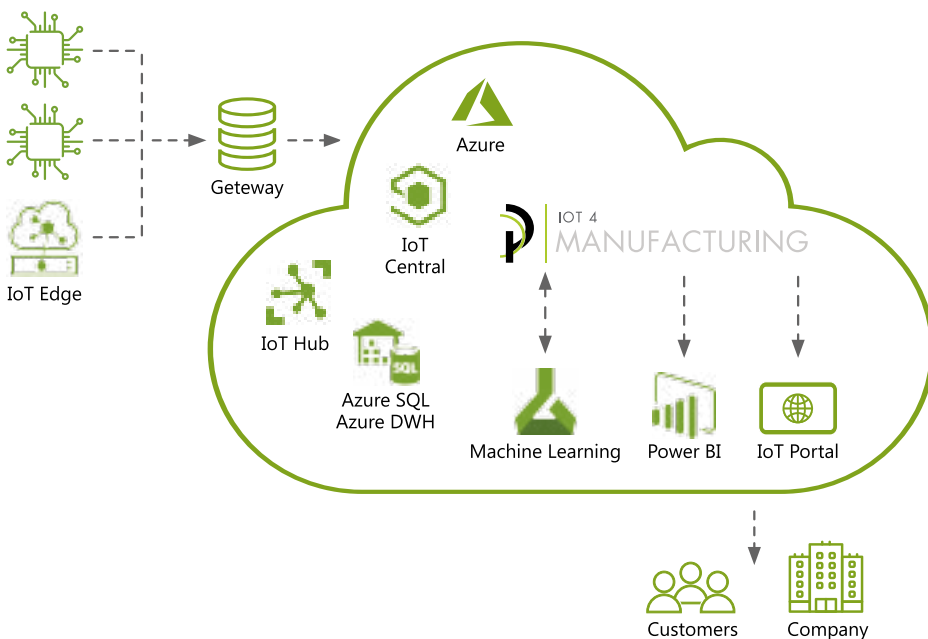

## Powered by Microsoft Azure

IoT 4 Manufacturing leverages the potential of advanced analytics and artificial intelligence to enable demand planning, automatic replenishment and predictive maintenance functions.

# IOT 4
## MANUFACTURING

Porini offers a suite of integrated solutions to support product quality processes from Data Collection to Real Time Monitor, Data Analytics to Predictive Maintenance & Advanced Analytics.

## DESCRIPTION

PORINI IOT 4 MANUFACTURING offers IoT consulting, fast start Proof of Concept using Microsoft IoTCentral and Miscrosoft Azure services, and a full implementation of the needed enviroment both for yor products and/or plant operations.

PORINI IOT 4 MANUFACTURING solution, based on the Microsoft Azure cloud services, allows you to maximize the potential of advanced analytics and artificial intelligence to enable Demand planning, Automatic Reassortment and Predictive Maintenance.

IoT Edge · Geteway · Azure · IoT Central · IoT Hub · Azure SQL Azure DWH · IOT 4 MANUFACTURING · Machine Learning · Power BI · IoT Portal · Customers · Company

## FUNCTIONALITIES

- IoT Consulting services to help our customer define the best solution
- Microsoft IoT Central to accelerate proof of concept phases with fast and cheap implementation
- Real-Time Monitoring
- Data Enrichment, Advance analytics and Predictive Maintenance
- MS Power BI Dashboarding
- IoT Web Portal

- **Increase Revenues**
- **Reduce Maintenance costs**
- **Optimize your operations**

- **New Services to the market**
- **New Product capabilities**
- **Increase customers acquisition & retention**

- **Easy proof of value**
- **Higly scalable**
- **Fully integrated with Microsoft Platform**

## THE CHALLENGE

The goal of Porini IOT 4 Manufacturing is to help you to Transform manufacturing business and move to Intelligent Operations.
Changes and evolution in the industry will be even faster than in the past years, the need for new products, new services and new approaches will be crucial to the success of our customers.

## OUR SOLUTION

Our solution aims to enable you to better understand, anticipate and transform your manufacturing and your products with a real digital transformation not just doing things more digital. With Porini IOT 4 Manufacturing our customers can reduce time to market and increase customer loyalty, optimize operations, reduce costs and improve quality.

## PORINI

Established in Como in 1968 as a company specialized in ERP solutions and consulting services specific to fashion, clothing, textiles and retail companies, over the years Porini expanded its expertise becoming a Microsoft Global ISV expanding its portfolio solutions with Social CRM, Business Analytics, Artificial Intelligence, Machine Learning, IoT, Performance Management, Collaboration and Knowledge Management targeted to medium to large companies in many other industry sectors.
