

PROCESSMINER™

# REAL-TIME QUALITY **PREDICTION** & ACTIONABLE **RECOMMENDATIONS** FOR MANUFACTURING PROCESSES

REDUCE  
VARIABILITY

IMPROVE  
QUALITY

DRIVE TO  
OPTIMAL STATE

INCREASE  
THROUGHPUT

Data collection and analysis isn't enough.  
You need actionable recommendations in real-time.

ProcessMiner digs deeper to solve problems before they occur with real-time predictions and recommendations. Our scalable platform self-adapts and evolves to drive continuous process improvement. We partner with forward-thinking leaders to deliver SaaS-based predictive analytics, optimization, and recommendations that improve outcomes in complex manufacturing processes.

The journey to Industry 4.0 starts with us.
