**BUSINESS**

25 great jobs for people who love to travel

Economy of the European Union

Intelligent Systems has the pleasure to provide you with a **30-day free** trial of Event Management for Microsoft Dynamics 365!

What's more, you may add **up to 25 users** to explore the app for event management.

And you need not to worry!

After the expiration of the trial period there will be no changes, unless you decide to subscribe for the solution!

# Important!

To install and test the app, you have to be a current Microsoft Dynamics 365 user admin.

You are not? Do not worry!

Just register for the Dynamics 365 free trial, then come back and proceed with these slides. It's easy!

All you need to do is to download [Dynamics 365 trial registration guide](#) and follow the steps.

A close-up photograph of a person's hands and forearms. The person is wearing a dark suit jacket and a white dress shirt. A silver-toned wristwatch with a black dial and a dark leather strap is visible on the left wrist. The hands are positioned as if holding a pen or writing on a document, though the document is out of focus. The background is a bright, slightly blurred office setting. Overlaid on the upper right portion of the image is the text "It is time to install the app in your Dynamics 365 environment!" in a bold, dark red font. A solid dark red horizontal bar is located at the bottom of the image.

It is time to install the app  
in your Dynamics 365 environment!

# First things first

1. Click [here](#) or go to Microsoft AppSource and search for Event Management.
2. Click on **Free trial**.

The screenshot shows the Microsoft AppSource interface for the 'Event Management for Microsoft Dynamics 365' application. The top navigation bar includes the Microsoft logo, 'AppSource', 'Apps', and 'Consulting Services' links, a search bar, and user profile information for 'Maria'. The main content area features a calendar icon representing the app, with a 'FREE TRIAL' button highlighted by a red box. Below the icon are buttons for 'SAVE FOR LATER' and a list of related products. The app's publisher is 'Intelligent Systems', and it is available for acquisition using a 'Work or school account'. The current version is 9.1, updated on 4/12/2019. The app is categorized under 'Customer service', 'Marketing', and 'Productivity', and is supported by 'Microsoft Dynamics 365'. A description states that the app is a specialized business software solution for professional event organizers, offering features like budget control, contract management, and risk automation. A 'Learn more' section includes a link to an 'Event Management Brochure'. A screenshot of the app's interface is shown on the right, displaying various data tables and charts.
