

Manage your transition to IFRS 16 standard with all-in-one lease accounting software solution

Whether you have 100 or 3,000+ agreements – Soft4Lessee can help manage your lease accounting effectively. **Soft4Lessee** is a software solution for lease accounting under a new accounting standard IFRS 16 / AASB 16, which goes into effect as of January 2019 and requires lessees to recognize most leases on their balance sheets. All public and private companies are required to follow the new standards, but those with many leased assets will see the biggest impact.

Soft4Lessee will help your business to:

- **Plan the transition to the IFRS 16** - calculate the impact and choose one of the transition options
- **Stay compliant with the standard** - upload new leases every month, let the system calculate values and download G/L transactions.

Main features

- Data Import / Export
- Lease Agreement Data Management
- Re-measurement
